NOTICE OF NONDISCRIMINATORY POLICY AS TO STUDENTS

It is the policy of St. Joseph's College not to discriminate on the basis of race, color, religion, sex, national or ethnic origin, age, handicap, or marital status in its educational programs, admission policies, employment policies, financial aid or other school administered programs. This policy is implemented in compliance with all applicable federal, state, and local statutes or regulations. Inquiries regarding this policy should be addressed to Compliance Coordinator, St. Joseph's College, 245 Clinton Avenue, Brooklyn, NY 11205-3688.

THE COLLEGE

MISSION AND GOALS OF ST. JOSEPH'S COLLEGE

The mission of St. Joseph's College is to provide a strong academic and value-oriented education at the undergraduate and graduate levels, rooted in a liberal arts tradition that supports provision for career preparation and enhancement. The College aims in this way to prepare each student for a life characterized by integrity, intellectual and spiritual values, social responsibility, and service—a life that is worthy of the College's motto, *Esse non videri*: "To be and not to seem."

Independent and coeducational, St. Joseph's College provides affordable private education that serves a diverse population of academically eligible students who live within commuting distance of either the Brooklyn or Suffolk Campus.

St. Joseph's College affirms the dignity, freedom, and inherent value of each person. This affirmation is realized through a student-centered environment wherein the faculty's primary commitment is to excellence in teaching. In this open, supportive atmosphere, students are challenged to develop their full potential and are encouraged to acquire a spirit of inquiry and a joy in learning.

To accomplish this mission, St. Joseph's College has established the following goals:

- to offer curricula that foster the knowledge and intellectual skills associated with the liberally educated person;
- to encourage students to develop personal value systems, responsible self-direction, and committed participation in the local and global communities;
- to help students develop as whole persons by providing individual attention, interactive teaching, and opportunities for active participation in academic and extracurricular programs;
- to prepare students for their careers by offering the necessary professional and pre-professional education;
- to provide for the needs of a diversified student population with varied educational and professional experiences;
- to foster an environment of openness to the exploration and understanding of diverse ideas, traditions, and cultures;
- to support educational programs and services that will contribute to the vitality of the communities served by the Brooklyn and Suffolk Campuses.

HISTORY

Chartered by the Regents of the University of the State of New York on February 24, 1916, St. Joseph's College for Women, as it was then known, held its first classes at 286 Washington Avenue, located in the Clinton Hill section of Brooklyn. Two years later, having outgrown its original facility, the College moved to the present site of the main campus at 245 Clinton Avenue in Brooklyn. In recognition of its evident success, stability and soundness of program, the Regents granted St. Joseph's College an Absolute Charter in 1929. Reverend William T. Dillon, J.D., Professor of Philosophy, Dean of the College, and later its President, guided its growth during the significant years that followed. The College was accredited in 1928 by the Commission on Higher Education of the Middle States Association of Colleges and Secondary Schools. Maintaining high standards of academic excellence, professional competence, and a notable spirit of community service, the College drew increasing numbers of young women. Having pioneered in the study of Child Development, St. Joseph's opened a laboratory pre-school in 1934.

Sister Vincent Thérèse Tuohy assumed the presidency in 1956. Under her leadership, the long term development program for the College was concretized in the erection of two facilities. McEntegart Hall, a multifunctional building housing the library and classrooms, was opened in 1965; the Dillon Child Study Center followed in 1968.

Sister George Aquin O'Connor was elected President and assumed responsibility on July 1, 1969. In 1970, a Charter amendment changed the name to St. Joseph's College, New York and enabled the College to admit the first men students to full matriculation. On February 2, 1971, St. Joseph's College inaugurated an extension program in the collegiate center formerly known as Brentwood College, and moved to develop a degree program in Brentwood oriented to the third and fourth years of college. This Upper Division baccalaureate program opened in September, 1972, and the Board of Regents of the State of New York authorized St. Joseph's College to join C.W. Post Center, L.I.U., in a Coordinate Campus program, the first such pattern adopted in the State. In 1976 on petition of the Trustees, this Suffolk County operation was authorized by the Regents to operate as a branch campus of St. Joseph's College. In 1978 St. Joseph's College expanded its operation at the Suffolk Branch Campus to a full four-year program, and in 1979 moved to a new twenty-five acre lake-side campus in Patchogue.

A continuing education program, which over many years had provided courses for adults on a non-matriculated basis, in the early 1970's developed a more clearly defined program for non-traditional and/or career oriented adults interested in earning a degree. In April 1974, the College registered with the New York State Education Department the Bachelor of Science in General Studies. This program and additional programs designed for adult professionals are administered by the Division of General Studies, with courses offered in Brooklyn, at the Suffolk Branch and at the extension sites.

An upper division Nursing Program was registered by the New York State Education Department in 1986, and received accreditation by the National League for Nursing in 1991.

In Fall 1994, an accelerated Weekend College, administered by the Division of General Studies, was inaugurated at the Suffolk Campus.

In 1995, the College introduced its first master's program, a Master of Arts in Infant-Toddler Therapeutic Education, at the Suffolk Campus.

On June 30, 1997, Sister George Aquin O'Connor resigned as president. She was succeeded by Sister Elizabeth A. Hill, M.A., J.D. on July 1, 1997.

In September, 1999, a Master of Science in Management was introduced at both campuses. Effective June 1999, the Division of General Studies was renamed the School of Adult and Professional Education. The College of Arts and Sciences will be referred to as the School of Arts and Sciences.

In 2001, the College constructed and opened the Technology and Business Information Center at the Suffolk Campus, and acquired the St. Angela Hall property at the Brooklyn Campus.

LOCATION

St. Joseph's College has two campuses: the main campus is located in the residential Clinton Hill section of Brooklyn, and the Suffolk branch campus is located in Patchogue, Long Island.

The Main Campus: St. Joseph's College, as an urban college with a campus, offers easy access to all transit lines, to the Long Island Expressway, to all bridges in Brooklyn, Manhattan, and Queens, as well as to the Verrazano-Narrows Bridge to Staten Island. This convenient location brings students from every part of the Greater New York Metropolitan area to the College each day, where they enjoy the freedom of campus life while profiting from the many cultural advantages of New York City. Within the space of one half hour, students leaving St. Joseph's College may find themselves in the Metropolitan Museum of Art, the 42nd Street Library, Carnegie Hall and Lincoln Center, the Broadway theatre district, Madison Square Garden, or Shea Stadium.

The College itself stands in the center of one of the nation's most diversified academic communities, consisting of six colleges and universities within a two-mile radius of each other. St. Joseph's College offers its students easy access to the other colleges and such cultural facilities as the Brooklyn Academy of Music, the Brooklyn Public Library, and the Brooklyn Museum of Art.

The Suffolk Campus of St. Joseph's College is located in Patchogue at 155 West Roe Boulevard: it is bounded on the north by Sunrise Highway. It is easily accessible from the south shore locations via Southern State, Sunrise Highway, (Exit 52) and from central and northern Long Island via Veterans Highway, Patchogue-Holbrook Road, Nichols Road, or Route 112.

FACILITIES

BROOKLYN CAMPUS

The Administration Building—Sister Vincent Thérèse Hall

Named in memory of a late President of the College, the Administration Building contains student lounges, classrooms, an auditorium, computer facilities, student government offices, the gymnasium, and administrative offices. The chemistry and physics laboratories and the art studio, are on the third floor.

“245 Building”

This beautiful Federal-style building contains formal parlors, a formal dining room, a chapel, student lounge and kitchen, and the biology instructional and research laboratories. Parts of the second and third floors are reserved for faculty residence.

256 Clinton Avenue

This five story building houses the Development and College Relations Office, the Alumni Office, several academic department offices, the Psychology Laboratory, and the Office of Campus Ministry. A beautiful garden, located behind 256, provides space for alumni reunions, student gatherings, and receptions.

Lorenzo Hall

Lorenzo Hall, located at 265 Clinton Avenue, provides office space for the academic departments. Furnished with departmental libraries, the offices are frequently used for department conferences and informal discussions. The administrative offices of the School of Adult and Professional Education are situated in this center.

McEntegart Hall

McEntegart Hall is a fully air conditioned five-level structure. Four spacious reading areas with a capacity for 300, including individual study carrels and shelf space for 200,000 volumes on four stack levels, provide an excellent environment for research. In addition, McEntegart Hall houses the college archives, a curriculum library, four computer laboratories, a nursing education laboratory, and a video conference room. There are eight classrooms, a chapel, dining areas, a faculty study, and faculty and student lounges. The library collection includes more than 105,000 volumes, 4,000 reels of microfilm, 400 videos, and subscriptions to 425 journals and newspapers. A direct Internet connection allows students to search electronically in the following databases: First Search, Proquest, Silver Platter etc. In addition, students may use the inter-campus network to locate titles in both libraries – Brooklyn and Patchogue. Membership in Academic Libraries of Brooklyn (ALB) and METRO gives students access to libraries throughout the city and provides resource sharing on a regional basis. Full membership in the international bibliographic utility, OCLC, allows limitless access to available information. An interlibrary delivery system and the use of computer and Fax technology facilitate access to resources needed by students and faculty.

Computer Facilities

In 1998-99, a high-speed fiber optic intra-campus network was developed to connect all offices, instructional facilities, computer laboratories and libraries on both the Brooklyn and Patchogue campuses. The network provides Internet access to all students, faculty and staff.

In 1999, an integrated online library system was installed to enable students to search for and check out books at either campus, as well as access online databases and other electronic information sources.

Dillon Child Study Center

This Center, an enduring memorial to Monsignor William T. Dillon, late President of the College and founder of the Child Study Department and its Laboratory Preschool, opened in 1968.

The first floor of the Dillon Center contains the offices of the Director, the school nurse, staff offices and a conference room. The Center's preschool inclusion class with observation room and a multi-purpose room are also located on the first floor. Two preschool classrooms and Kindergarten room, each with its own observation booth, are located on the second floor, as well as Speech Department and staff offices with additional rooms for therapy, computer and library resources.

These facilities make possible increased service to the community. Local public and private schools send children to St. Joseph's for testing and consultation.

The Center provides for an enrollment of approximately 100 preschool children. The Center also facilitates the growth of auxiliary programs and inter-institutional cooperation with nursing schools, colleges, and other educational agencies.

The Outdoor Theatre

Overlooking the Mall is the Molloy Memorial Outdoor Theatre, site of the commencement ceremonies.

SUFFOLK CAMPUS

The main building which was named O'Connor Hall in 1997 in honor of S. George Aquin O'Connor, contains:

- | | |
|---------------------------------------------------------|-----------------------------|
| Administrative and Faculty Offices | Local History Center |
| Classrooms and Computer Centers | Faculty and Student Lounges |
| Biology, Chemistry, Physics and Psychology Laboratories | Offices for Counseling |
| Nursing Dept. Laboratory | Cafeteria |
| Art Studios and Music Room | Auditorium and Chapel |

The Callahan Library at the Suffolk Campus is a modern 25,000 sq. ft., free-standing facility with seating for more than 300 readers. A curriculum library, seminar rooms, administrative offices, and two classrooms are housed in this building. Holdings include over 99,000 volumes, 517 periodical titles, and are supplemented by videos and other instructional aids. Patrons have access to the Internet and to several online academic databases. A fully automated library system, Endeavor, ensures the efficient retrieval and management of all library resources.

Off-campus resources include the Library at St. Joseph's Brooklyn Campus with over 105,000 volumes and membership in the Long Island Library Resources Council. This facilitates cooperative associations with the academic and special libraries on Long Island. Internet access, subscriptions to several online full-text databases and membership in the international bibliographic utility, OCLC, allow almost limitless access to available information. The hours of library service are adjusted to student need and are posted in the lobby.

In 1998-99, a high speed fiber optic intra-campus network was developed to connect all offices, instructional facilities, computer laboratories and libraries on both the Brooklyn and Patchogue campuses. The network provides Internet access to all students, faculty and staff.

In 1999, an integrated online library system was installed to enable students to search for and check out books at either campus, as well as access online databases and other electronic information sources.

The Clare Rose Repertory Theatre is an integral part of the development of St. Joseph's College and serves as a major teaching facility for the College's theatre courses, as well as the performance space for the College and local theatre productions.

A multi-story Academic Center has been created in the area formerly used as a gymnasium. This building contains eight classrooms, student lounges and office space, and a large meeting room.

The John A. Danzi Recreation/Fitness Center opened in Spring 1997. It includes a competition size swimming pool, aerobics studio, strength training room, fitness room, 12,000 square foot gymnasium and an elevated track.

In addition, the Campus features athletic fields, two champion-size tennis courts, and parking facilities for 800 cars. This beautiful suburban setting provides a unique background for a satisfying intellectual, social, and extra-curricular collegiate experience.

ACADEMIC CALENDAR

Classes for the academic year 2001-2002 will begin on September 4, and for 2002-2003, classes will begin on September 3. To accommodate the needs of the adult population, courses are scheduled in varying patterns – days, evenings, and weekends – including fourteen weekday sessions, and six-week and twelve-week sessions. These are available for Fall and Spring semesters, with a variation of the pattern during the Summer and for the Suffolk Campus Weekend College Trimester Program. Students should consult the schedule of classes each semester for specific class meeting times and dates.

ADMISSION AND FINANCES

It is the policy of St. Joseph's College not to discriminate on the basis of race, color, religion, sex, national and ethnic origin, age, handicap, or marital status in its educational programs, admission policies, employment policies, financial aid, or other school administered programs. This policy is implemented in compliance with Title IX of the Education Amendments of 1972, Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973.

ADMISSION REQUIREMENTS

An applicant wishing to pursue a degree or certificate program within the School of Adult and Professional Education must be an adult with a high school diploma or its equivalent and be deemed capable of completing the requirements for the degree or certificate. In addition to having met the general admission requirements of the School, students typically have postsecondary education and training and have acquired, through experience, the skills and knowledge appropriate to the degree or certificate. Exceptions to this are made with the approval of the Dean. Additional requirements for majors and certificate programs are indicated in the ***Curricular Offerings*** section of the catalogue.

APPLICATION PROCEDURE

The application procedure for degrees and certificates offered through the School of Adult and Professional Education (other than the Bachelor of Science with a major in Nursing) begins when the applicant submits evidence of the high school diploma or equivalent and meets with a School admission counselor at either the Brooklyn or Suffolk Campus. During this meeting, the applicant will discuss the program with the counselor and complete an application form.

As part of the admission procedure, the applicant will complete a brief writing exercise at the College and have it evaluated by a writing instructor. Based on the applicant's prior training and experience, the applicant's writing ability, and the admission interview, the counselor may make the decision regarding admittance to a degree or certificate program. The counselor may also help the applicant plan a program suitable to the educational needs and goals of the applicant. (See Curricular Offerings for additional requirements and procedures for admission to major and certificate programs.)

An applicant may be provisionally accepted pending receipt of official records of prior education. Such a person may enroll in up to 18 credit hours of coursework. Only after all official records have been received and evaluated will the admission process be complete and the student fully admitted.

When evidence of a high school diploma or its equivalent does not appear on transfer credit documentation, it will be necessary for the student to submit such evidence in order to be fully admitted.

New York State Law requires college students born on or after January 1, 1957, to be immunized against measles, mumps, and rubella. Consult the admission counselor for details.

Conditional Acceptance

An applicant who has satisfied the requirements for admission and is deemed capable of college-level coursework but needs academic skill development is accepted on a "conditional" basis. A person in this category is permitted to register for no more than 12 hours of coursework, to be specified by the admission counselor. Upon satisfactory completion of the specified courses, the student will meet with an advisor to plan additional coursework as determined by that advisor (not applicable to Nursing majors).

Non-Matriculated Status

A person may opt to enroll in a limited number of courses for personal or professional enrichment as a non-matriculated student and may accumulate as many as 18 credits. The student may not take additional courses unless he/she applies and is accepted for matriculation. The person seeking to enroll in this category will be subject to the application requirements and procedures described above.

An applicant who has not submitted sufficient material to be provisionally admitted may enroll on a Restricted Non-Matriculated basis. No more than two courses may be taken while in this category, neither of which may be an English writing course. An applicant can only be in this category for one semester.

INTERNATIONAL STUDENTS

Admission to St. Joseph's College is contingent upon acquisition of a valid student visa (F-1) from the United States Immigration and Naturalization Service.

PRIOR LEARNING ASSESSMENT

St. Joseph's College recognizes that adults beginning the baccalaureate degree oftentimes bring with them knowledge and skills acquired through a variety of modes. Prior Learning Assessment is an overarching concept that affords students the opportunity to earn credit for their prior college-level learning. Within the School of Adult and Professional Education, the awarding of credit for this prior learning is determined through the following:

Collegiate Coursework

The School of Adult and Professional Education provides for the transfer of up to 96 credit hours from accredited four-year collegiate institutions, and up to 82 credit hours from accredited, community or junior colleges.

The School also provides for the transfer of up to 60 credit hours from selected New York State Education Department-approved, associate degree granting proprietary institutions.

See also the transfer credit policy affecting the Bachelor of Science with a major in Nursing.

College Proficiency Examinations

Matriculated students within the School of Adult and Professional Education may apply for credit or placement for the equivalent of St. Joseph's College courses on the basis of their successful completion of examinations sponsored by:

1. CLEP—The College Board's College-Level Examination Program
2. REGENTS COLLEGE EXAMINATIONS—The New York State Education Department's Regents College Examinations.
3. DANTES—Defense Activity for Non-Traditional Education Support. (Not applicable to Bachelor of Science with a major in Nursing students.)

Students who wish credit or placement on the basis of any of these examinations should have a copy of their scores forwarded from the sponsoring agency to the Registrar of the School of Adult and Professional Education of St. Joseph's College. When a decision has been reached, the student will receive written confirmation of the credit or placement granted. For information on other proficiency examinations, consult an advisor or the Prior Experiential Learning Assessment Coordinator.

Non-Collegiate Sponsored Instruction

The decision to accept credit toward the baccalaureate degree for work completed in settings other than approved collegiate institutions is done on an individual basis.

1. The School provides for the transfer of credits for individuals who have completed New York State recognized professional training programs, where such programs are at the collegiate level.
2. The School provides for the awarding of college credit as per the Guide to the Evaluation of Educational Experience in the Armed Service, the Directory of the National Program on Non-Collegiate Sponsored Instruction, and the National Guide to Educational Credit for Training Programs.
3. Awarding of credit for non-collegiate sponsored instruction does not extend to the Bachelor of Science with a major in Nursing.

General Limitations on Prior Learning Credit

1. The School does not accept prior learning credit earned from duplicative coursework or proficiencies.
2. Credit earned in remedial coursework or at a pre-collegiate level is not accepted for prior learning credit.
3. Prior learning credit is accepted but not computed in the grade-point average.
4. Inactive students who have not had a prior learning transfer evaluation will be subject to the policies in force at the time of their readmission.
5. St. Joseph's College reserves the right to accept credit, including credit earned at the College by non-matriculated students, in a way best calculated to preserve the integrity of its own degree.

Procedure for Requesting Prior Learning Credit

Students wishing to receive credit for prior learning should contact an advisor to find out which prior learning documentation is necessary; e.g., official transcripts, college proficiency test results, copies of military training records (DD form 214 and in-service training records), copies of professional certificates, etc. Official copies of the relevant documents must be sent directly from the institutions/agencies to the St. Joseph's College campus where students made initial application.

Prior Learning/transfer credit evaluations are typically not made until after students submit an application and are admitted at least provisionally.

See also the transfer credit request procedure for the Bachelor of Science with a major in Nursing.

Prior Experiential Learning Assessment

The School of Adult and Professional Education students, except for Nursing majors, with extensive and varied experiential learning may participate in the Prior Experiential Learning Assessment (P.E.L.A.) Program, which gives students the opportunity to apply for credit for their prior experiential learning. Validated learning, not the experience alone, is the basis for awarding credit. It should be noted that the School of Adult and Professional Education does not award credit for "having lived," but rather for having mastered - through professional, creative, volunteer, or other experience - knowledge and skills that are deemed to be at the college level and are applicable in the context of the student's degree program.

Prior to participating in the P.E.L.A. Program, students must be fully matriculated, have satisfactorily completed ENG 103 Writing for Effective Communication, and have earned 36 credits toward their program at St. Joseph's or elsewhere. Effective for students admitted (or re-admitted) Spring 1997 or later, a 2.5 cumulative index in coursework completed at St. Joseph's will be required to register for GS 110 Portfolio and Career Development Seminar. Students must take GS 110 before their last semester.

To register for this Pass/No Credit Seminar, students must meet with a P.E.L.A. advisor and obtain written approval. (The P.E.L.A. Coordinator reserves the right to limit students' programs during the semester in which the students are enrolled in the Seminar.) The Seminar is a mentored course designed to facilitate the assessment of prior experiential learning for the purpose of developing an experiential learning portfolio. In part, the Seminar consists of individualized exercises designed to identify acquired skills and knowledge, and culminates in presenting these as college-credit worthy, relating these to the student's degree program and career goals.

Credit earned through the P.E.L.A. Program is applicable to the major (as explained below), liberal arts, and elective portion of the curriculum. With regard to the Bachelor of Science degrees in Community Health and Human Services and in Health Administration, P.E.L.A. credit can be used to satisfy the Major Electives; for the Bachelor of Science in Organizational Management, P.E.L.A. credit can be applied to Elective Business Courses. Credits awarded through the P.E.L.A. Program are not applicable to the prescribed minimum of 21 credits of coursework toward the major that must be taken at St. Joseph's College. The maximum P.E.L.A. credit award is 27 credit hours.

An integral part of the Seminar is the validation process, which consists of assembling all relevant documents into a prior experiential learning portfolio under the supervision of a qualified mentor. Portfolios are evaluated by faculty members, and a credit award is made by the P.E.L.A. Evaluation Committee taking into consideration content, competence level, college-credit appropriateness, and applicability to the student's degree program. Notification of the credit award is sent to the students by the Registrar prior to the conclusion of the next regular semester. At the time credit awards are made, students' records will be updated to reflect the addition of credits.

Since students applying for P.E.L.A. credit work closely under the tutelage of a mentor well versed in prior experiential learning assessment, the likelihood of an appeal for reconsideration of the credit award is greatly reduced. In the event, however, that such a request is made, the P.E.L.A. Coordinator will review the portfolio in consultation with the appropriate department representative.

Students seeking P.E.L.A. credit are required to take the Portfolio and Career Development Seminar at the prevailing per credit charge. In addition, students are required to cover the cost associated with the evaluation of their portfolios; students will be billed the P.E.L.A. evaluation fee at the time the award is made. (See Statement of Costs.) Since the P.E.L.A. Program is distinct from the Proficiency Examination option of Prior Learning Assessment, students are obligated to pay all expenses related to proficiency examinations, independent of the P.E.L.A. evaluation fee.

Note: In addition to the \$25.00 non-refundable application fee, students must make a non-refundable tuition deposit at the time of registration. For full-time students a fee of \$205 is due, and for part-time students a fee of \$80 is due. (These amounts include a \$5.00 I.D. card fee.)

TUITION POLICY

Students accepted for admission must make a tuition deposit at the time of registration. Full time students (12 or more credits semester, 9 or more credits trimester) pay \$205; part-time students pay \$80. (These amounts include a \$5.00 I.D. Card Fee.) The deposit is not refundable, but it will be credited toward the first term's tuition. In certain instances, the non-refundable tuition deposit paid by a first semester student may be applied to the next semester.

A student's bill for tuition and fees is based on the number of credits for which a student intends to register, less applicable Financial Aid, Grants, or Scholarships for that semester. Scholarships or Student Aid may only be subtracted if all related applications and other information have been submitted on a timely basis. Payment of the remaining balance constitutes "Clearance" by the Business Office.

Bills for the semester must be cleared by the Business Office before students may attend class. Students who do not receive financial clearance from the Business Office will not be officially registered at the College for that semester. Students may not enroll for a successive semester until their accounts have been completely satisfied.

St. Joseph's College makes available several tuition financing options through tuition deferment programs. The two monthly budgeting programs the College offers are The Tuition Management System and Academic Management Services. Basically, these programs are designed to afford students the opportunity to pay their educational expenses in monthly installments. Students may elect to contract with either of these services for a nominal initial participation fee prior to or at the beginning of each new academic year. Students interested in either of the two plans may obtain brochures and applications in the Business Office. Additional information may be received by calling AMS at 1(800) 635-0120 and The Tuition Plan at 1(800) 722-4867.

Students who are unable to pay what is owed by the first day of class (other than those who are enrolled with either the Tuition Management System or Academic Management Services) will have their account automatically default to St. Joseph's College Tuition Extension Agreement. Unlike the other two deferment programs, under the St. Joseph's College Tuition Agreement, a finance charge will be assessed.

Questions regarding the College's tuition policy should be addressed to the Bursar (Brooklyn Campus at (718) 636-6881 or Suffolk Campus at (516) 447-3270).

Students who fail to comply with these regulations will be subject to suspension until the requirements are met.

SEMESTER FLAT-RATE: The flat-rate for tuition covers 32 credits per year (an average of 16 per term) for a total 128 credits in eight terms. Full-time students (those taking at least 12 credits) are charged the flat-rate. Intersession and Summer Session courses are not included within the flat-rate tuition. Once the session has begun, flat-rate students who change their programs to less than 12 credits will continue to be responsible for the flat-rate tuition charge (as opposed to the per-credit rate).

Full-time students who take more than 32 credits per year or 18 credits per semester will be charged for each additional credit at the per credit rate. (See Tuition and Fees.) *Intersession and Summer Session courses are not included within the flat-rate tuition.*

TRIMESTER FLAT-RATE: The flat-rate tuition will be charged to trimester students taking 12 to 15 credits per trimester. Once the session has begun, flat-rate students who change their programs to less than 12 credits will continue to be responsible for the flat-rate tuition charge (as opposed to the per-credit rate.) Those trimester students who take more than 15 credits per trimester will be charged for each additional credit at the per credit rate. *Intersession courses are not included within the flat-rate tuition and must be paid for per credit.*

PER CREDIT: Students taking fewer than 12 credits per semester/ trimester are charged the per credit rate.

Neither a transcript nor a diploma will be issued until all financial obligations have been settled. The College reserves the right to alter tuition charges and fees when such changes become necessary.

**WITHDRAWAL FROM A COURSE OR FROM THE COLLEGE:
TUITION REFUNDS**

Full-time students who receive permission to withdraw from a single course are not entitled to a refund, unless the withdrawal involves extra credits, paid for by the point. In such cases, the student may ask for a refund of the extra tuition within the first four weeks of the term. Once the session has begun, flat-rate students who change their programs to less than 12 credits will continue to be responsible for the flat-rate tuition charge (as opposed to the per-credit rate.) Part-time students who withdraw from a course may also apply for a refund.

Withdrawal from the College may entitle a student to a refund of tuition, but not of fees. The date of withdrawal is considered when calculating refunds. Tuition liability is based on the date the change of program form is received by the Registrar.

The percentage of refund will be determined according to the following schedule:

Weekday and Twelve-week Classes

<i>Withdrawal Effective</i>	<i>% of Refund</i>
Prior to First Class Meeting	100%
After First and After Second Class Meeting	80%
After Third Class Meeting	60%
After Fourth Class Meeting	40%
After Fifth Class Meeting	20%
After Sixth Class Meeting	0%

Six-Week Sessions

Prior to First Class Meeting	100%
After First Class Meeting	80%
After Second Class Meeting	40%
After Third Class Meeting	0%

Weekend College Trimester Classes

Prior to First Class Meeting	100%
Before Second Weekend	80%
Before Third Weekend	40%
After Third Weekend	0%

The rate of refund for any unique class scheduling configuration is prorated according to the above refund schedule.

This schedule does not apply to the tuition deposit required of first time students. This deposit is not refundable. In the absence of written notification, the date of withdrawal is determined by the Dean.

Refunds of financial aid awards, student loans, etc., are not refundable until the actual funds have been received by the College and the student's eligibility for the funds has been determined.

Federal Title IV recipients should see the Return of Title IV Funds Section of this catalogue.

A refund will not be granted to a student who is dismissed or who withdraws while under disciplinary action.

A student who feels that his/her individual circumstances warrant an exception to the College's refund policy may submit a written appeal for special consideration to the Controller, Ms. Georgeann Kelly. The Controller's decision is subject to appeal to the Chief Financial Officer, Mr. John C. Roth.

In order to initiate a request for a refund, a student must complete a Refund Application Form at the Business Office, or apply by mailing a written request bearing the student's signature to the Business Office after the fifth (5) calendar week into the semester.

It is necessary to allow for a minimum of 10 business days for processing the refund application and for preparing the refund check which may be picked up at the Business Office or, upon request, may be mailed to the student.

AWARDING OF DEGREES AND GRADUATION

Graduation exercises are held in February and June. Although degrees are granted three times a year (August, January, June), diplomas are distributed at the February and June graduation exercises. The deadline for submitting applications for January degrees is the previous July 15, the deadline for June degrees is the previous October 15, and the deadline for August degrees is the previous March 15. Students who require proof of graduation prior to commencement may request a letter of completion and/or transcript from the Registrar.

All students filing for graduation must have a total of 128 credits, at least 60 of which must be in the liberal arts.

Students who miss the deadline for graduation application will not receive diplomas until two months after the date of graduation. No diplomas will be mailed.

Where it appears that a student who is applying for graduation is requesting a change of major in order to graduate at an earlier date and where it appears that the student intends to complete another major at St. Joseph's College, the Dean - in consultation with the appropriate department chairpersons - reserves the right to deny the request.

Graduates who are taking the sixth session (VI) of the six week courses cannot be recognized for honors at commencement, but will receive honors after their last grades are submitted.

Any change in program stated on the graduation application must be brought to the attention of the Registrar.

Students will be required to pay for all coursework required for graduation, even if this should exceed 128 credits. In those instances where this credit in excess of 128 would result in a student's being required to pay flat rate tuition, the Registrar may offer the student the option of doing a 1 or 2 credit independent study, thereby keeping the credit load under 12 and the tuition rate at the per credit basis. This applies only to the unrestricted elective portion of the program, not to any coursework required for the degree or certificate.

FINANCIAL AID

Application Instructions

Matriculating students (B.S. Degree; Certificate in Management; Certificate in Alcoholism and Addictions Counseling; Certificate in Criminology/Criminal Justice) may apply for financial aid. Consideration for financial aid from St. Joseph's College is dependent upon making application and receiving official notification of acceptance into the College.

To be considered for financial aid from government or College sources the student should follow these procedures **each year**:

1. Complete the U.S. Department of Education Application for Federal Aid (FAFSA) designating St. Joseph's College, NY, as recipient.
Brooklyn Campus – USDE Code 002825
Suffolk Campus – USDE Code E00505
2. Complete New York State Tuition Assistance Program TAP Application for full-time students. Part-time students should complete the NYS Aid for Part-time Study (APTS) Application.
Brooklyn Campus – NYS Code 0755
Suffolk Campus – NYS Code 0758–Semester Students
NYS Code 0762–Trimester/Weekend Students
3. Complete the SJC Financial Aid Application.
4. Verify parent/student/spouse incomes by providing signed copies of federal/state tax returns to the Financial Aid Office. Complete any other verification requirements as requested.
5. Priority for certain financial aid programs will be given to students who adhere to recommended filing dates:

Brooklyn and Suffolk Semester Students

Fall entering new students	February 25
Fall entering transfer students	March 15
Continuing students	April 30
Spring entering students (new and transfers)	November 1

Suffolk only – Trimester/Weekend Students

Summer entering students	February 25
Fall entering students	March 15
Continuing students	April 1
Spring entering students	November 1

Student Aid Recipients: Rights and Responsibilities

Students who receive financial aid are responsible for finding out the number of credits they must carry/complete each term and the academic standards they must meet and maintain to be eligible for these programs. Students are expected to maintain satisfactory academic progress and be making normal progress toward the completion of degree requirements. Federal financial aid recipients and College financial aid recipients should consult the Academic Standing section of the St. Joseph's College catalogue. New York State financial aid recipients should consult the NYS financial assistance section of the St. Joseph's College catalogue.

Students who receive any federal or state educational funds must attest that the use of these funds will be for education and educationally-related expenses. It is the student's responsibility to notify the Financial Aid Office, in writing, of the amounts and sources of any outside aid the student might receive (i.e., tuition reimbursement, private scholarship, etc.). Eligibility for various programs may be affected by a student's previous loan default and/or repayment owed to Pell Grant, SEOG, etc. If a student is convicted of any offense involving the possession or sale of a controlled substance, eligibility for Title IV Aid will be affected.

Any student may request and receive an explanation of how his/her financial aid or refusal of it was determined. Most financial aid awards are based upon financial need as determined by need analysis methodology (Federal Methodology). There is, however, a distinction between eligibility for financial aid and availability of funds. Federal regulations mandate that the neediest students have priority for Federal financial aid.

Return of Title IV Funds (Federal Funds)

Students who withdraw from the College may have to return a portion of their financial aid. This includes students who receive financial aid for personal expenses and who withdraw during the semester.

Calculation of Title IV assistance earned: To calculate the amount of Title IV assistance earned by a student, the school must first determine the percentage of Title IV assistance the student earned. Up through the 60 percent point in time, the percentage of assistance earned is equal to the percentage of the payment period of enrollment for which it was awarded that was completed as of the day the student withdrew. If the student withdrawal occurs after the 60 percent point, then the percentage is 100 percent. That earned percentage is applied to the total amount of Title IV grant and loan assistance that was disbursed (and that could have been disbursed) to the student, or on the student's behalf, for the payment period or period of enrollment for which it was awarded as of the day the student withdrew.

Excess funds returned by the school or student are credited to outstanding Title IV loan balances for the student or made on the student's behalf for which a return of funds is required. Excess funds must be credited to outstanding balances in the following order: Unsubsidized FFEL loans, Subsidized FFEL loans, Federal Perkins loans, FFEL PLUS loans. If excess funds remain after repaying all outstanding loan amounts, then the remaining amount is credited to grant programs in the

following order: Federal Pell Grants, Federal SEOG, other Title IV assistance for which a return of funds is required.

St. Joseph's College Financial Aid Programs

School of Adult and Professional Education Grants

St. Joseph's College offers a limited number of partial-tuition grants to full-time, matriculated, School of Adult and Professional Education students. Grant amounts vary according to financial need and available funds. Award determination is made by the Financial Aid Office. Priority will be given to students who adhere to filing dates. Yearly application is required.

School of Adult and Professional Education Transfer Scholarships

St. Joseph's College offers a limited number of partial-tuition transfer scholarships to entering full-time, matriculated, School of Adult and Professional Education students. Entering transfer students with a completed Associate's degree from selected programs within certain community colleges and with a 3.3 cum or better (4 pt. scale) will be considered. Certain conditions apply. Consult a School of Adult and Professional Education Admission Counselor.

The College requires that all forms (admission applications, official transcripts, etc.) be received on or before August 1 for Fall entering students and January 1 for Spring entering students.

In order to receive tuition credit, scholarship recipients are required to file for financial aid each year as soon as appropriate forms are available.

St. Joseph's College NYPD Personnel Grant

St. Joseph's College will award grants to personnel and civilian office staff of the New York City Police Department. Consult an Admission Counselor for description and procedures.

St. Joseph's College FDNY Personnel Grant

St. Joseph's College will award grants to personnel and civilian office staff of the Fire Department of the City of New York. Consult an Admission Counselor for description and procedures. (Brooklyn Campus only.)

St. Joseph's College Alumni Scholarships

St. Joseph's College Alumni Association offers scholarships to sons and daughters of alumni. If funding permits, other relatives of alumni are considered. Awards are based on achievement and/or financial need. Students wishing to apply must file an Application for Alumni Scholarship before March 1. Contact the Director of Alumni Relations, St. Joseph's College, 245 Clinton Avenue, Brooklyn, New York 11205 for an application.

New York State Financial Assistance

Tuition Assistance Program (TAP)

Full-time matriculated students who have been residents of New York State for a year may be eligible to receive tuition assistance of up to \$4,125 per year (currently) depending upon the family's net taxable income, the number of full-time college students in the family, eligibility for varying schedules, and New York State funding.

Aid for Part-Time Study (APTS)

Part-time matriculated students who have been residents of New York State for a year may apply for this grant program. APTS applications are available in the Financial Aid Office.

New York State Scholarships for Academic Excellence

NYS scholarships designed to recognize high school achievement. Students may request information from the high school guidance office.

Child of Veteran Award

Applications may be obtained from high school guidance counselors or by writing to the NYS Higher Education Services Corporation. The award is \$450 per year.

Child of Deceased Police Officers or Firefighters Award

Applications may be requested from the NYS Higher Education Services Corporation. The award is \$450 per year.

Information on all the above may be obtained by writing to the New York State Higher Education Services Corporation, Albany, New York 12255

Satisfactory Progress Requirements for New York State Aid Recipients

St. Joseph's College must comply with regulations issued by the NYS Commissioner of Education concerning a student's academic standing and receipt of NYS aid.

Good academic standing for NYS aid consists of two elements:

- (1) Pursuit of program - a requirement that a student complete 50% of a full-time program each term in his/her first year of NYS aid; 75% of a full-time program each term in the second year of NYS aid; and 100% of a full-time program each term in the third and fourth years of NYS aid. The same percentages apply to students receiving Aid-for-Part-Time-Study (APTS).
- (2) Satisfactory academic progress - a requirement that a student accumulate a specified number of credits and achieve a specified cumulative grade point average each term. The chart that follows is for full-time students. Requirements for part-time students are pro-rated.

**NOTE: Only students in five-year programs, approved pursuant to Section 145-2.7 of the Regulations, are eligible for more than four years of undergraduate awards.

Students must meet both (1) the program pursuit requirements and (2) the satisfactory academic progress requirements in each term of payment in order to continue NYS aid eligibility. Students not complying with the above standards will have their eligibility re-established only after evidencing ability to complete successfully an approved program.

In extraordinary circumstances, a student may be granted a waiver of program pursuit and/or satisfactory progress requirements. This is available only once during a student's entire undergraduate career. For information about the process of filing for a waiver, please contact the Registrar. The Academic Dean reserves the right to grant or withhold the waiver.

Students should note that these Satisfactory Progress Requirements are for the purpose of New York State Financial aid eligibility only.

Individuals with Disabilities

Students who suffer from a chronic illness, emotional problem, or who are physically disabled may be eligible for a grant which would help cover tuition and book fees. Contact the Office of Vocational and Educational Services for Individuals with Disabilities, New York State Education Department, Albany, New York 12230.

New York State Post Secondary Education Fund for Native American Students

Further information is available from Native American Education Unit, New York State Education Department, Albany, New York 12230.

Federal Programs

Federal Pell Grants

Pell Grants are awards to help undergraduates pay for their education after high school. Eligibility is determined by a standard formula, revised and approved every year by Congress, to evaluate the information reported when applying for a Pell Grant. The maximum award for 2001-2002 academic year is \$3,750.

Federal Family Education Loan Program

Stafford Loans

A Stafford Loan is a low-interest loan (variable interest rate) made to students by a lender such as a bank to help a student pay for education after high school. Stafford Loan annual limits are \$2,625 for first-year students, \$3,500 for second year students, and \$5,500 per year for undergraduates who have completed two years.

Applicants must complete the FAFSA and a Federal Stafford Loan Application for Federal Stafford Loans, whether subsidized or unsubsidized. Based on the student's financial need and the amount he/she wants to borrow, it is possible for a student to receive a Federal Stafford Loan that is totally subsidized, partially subsidized, or totally unsubsidized.

Additional unsubsidized Federal Stafford Loan funds are also currently available for independent students up to a maximum annual loan of \$4,000 for first and second-year students and \$5,000 for third and fourth-year students.

Federal Parent Loans for Undergraduate Students (PLUS)

Parents of full-time and half-time undergraduate students may borrow up to the full cost of education less other financial aid. PLUS loans do not qualify for interest subsidy. PLUS loans have a variable interest rate.

Federal Supplemental Educational Opportunity Grants (SEOG)

A Supplemental Educational Opportunity Grant (SEOG) is an award to help undergraduates pay for their education after high school. It does not have to be paid back. Grants range up to \$4,000 depending on a student's financial need, availability of SEOG funds, and the amount of other aid a student is receiving.

Federal College Work-Study Program (CWSP)

The College Work Study Program (CWSP) provides part-time employment funds for college students who need financial aid to help meet college expenses. A student's CWSP award depends on financial need, availability of CWSP funds, and the amount of other aid a student is receiving. Students are paid by the hour.

Federal Perkins Loan Program

A Perkins Loan is a low-interest (5%) loan to help students pay for education after high school. Perkins Loan amounts depend on student financial need, availability of Perkins Loan funds, and the amount of other aid a student is receiving. Maximum Perkins Loan is \$4,000 per year as an undergraduate. Presently repayment of principal and 5% interest starts 9 months after leaving school. Students may possibly qualify for postponement or cancellation benefits.

Supplemental Security Income (S.S.I.)

S.S.I. may be available for students who themselves are disabled. Further information is available from students' local Social Security Office.

Federal Scholarship for American Indians

Further information is available from the United States Department of Interior, Bureau of Indian Affairs, New York Liaison Office, Federal Building, Room 523, 100 South Clinton Street, Syracuse, N.Y. 13260.

Other Federal Student Financial Aid Programs

A large number of special-purpose federal programs exists. The most authoritative reference for additional information is: Catalog of Federal Domestic Assistance, Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Veterans Information

Veterans and Children of Deceased Veterans

St. Joseph's College is fully approved by the New York State Education Department as well as other agencies for college-level education programs for veterans under federal and state laws. Veterans and children of veterans who qualify and who wish to pursue a course of study must present a certificate for Education and Training.

Information concerning these programs may be obtained by contacting the Veterans Administration Office, 252 Seventh Avenue, New York, N.Y. 10001.

Because this is a two-year catalogue, some information may be out-of-date. Prospective students who have financial aid questions should call the Financial Aid Office at (718) 636-6808 for Brooklyn Campus; (516) 447-3214 for Suffolk Campus.

ACADEMIC LIFE

DEGREE PROGRAMS

St. Joseph's College offers the following degree programs, which are registered with the New York State Education Department.

School of Adult and Professional Education

The College provides the following opportunities for adults with diversified professional and personal experiences to pursue college degree programs. These programs are administered by the School of Adult and Professional Education.

BACHELOR OF SCIENCE in Community Health and Human Services and also in Health Administration. Students applying for the B.S. in Community Health and Human Services or the B.S. in Health Administration must satisfy the requirements of the core curriculum and major, and elect additional courses for a total of 128 credits, at least 60 of which must be in the liberal arts.

BACHELOR OF SCIENCE in Nursing. Accredited by the National League for Nursing Accrediting Commission, the program is designed specifically for registered nurses. The curriculum consists of 128 credits which includes lower-division course requirements and upper-division courses. At least 60 credits must be in the liberal arts.

BACHELOR OF SCIENCE in Organizational Management. Students applying for the B.S. must satisfy the requirements of the major and elect additional courses for a total of 128 credits, at least 60 of which must be in the liberal arts.

BACHELOR OF SCIENCE in General Studies. This program provides an opportunity for students with non-traditional academic backgrounds as well as those who have an Associate degree to pursue a flexible course of study. Of the 128 credits required for the degree, at least 60 must be in the liberal arts.

Personalized advisement is the key to this approach. With the assistance and guidance of a trained advisor, students design a program around their strengths, experiences, and aspirations, drawing from the various courses of the College.

For all degrees, a cumulative index of 2.0 is required, as well as an index of 2.0 in the major.

MASTER OF SCIENCE in Management. Designed for working adults holding leadership positions in the public service, private, and non-profit sectors, the MS in Management has as its purpose the promotion of managerial effectiveness and the enhancement of human performance in organizations. Toward this end, the degree provides students with a theoretical grounding in the functional knowledge areas of management and with the opportunity to develop within themselves the abilities associated with superior managerial performance.

School of Arts and Sciences

BACHELOR OF ARTS in Biology, Chemistry, Child Study, English, French, History, Human Relations, Mathematics, Psychology, Social Science, Spanish, and Speech. Students applying for the B.A. must satisfy the requirements of the core curriculum and major, and elect additional courses for a total of 128 credits, at least 90 of which must be in the liberal arts. Those who wish to teach on the elementary or secondary level will also follow the programs approved for teacher certification.

BACHELOR OF SCIENCE in Biology, Chemistry, and Mathematics. Students applying for the B.S. must satisfy the requirements of the core curriculum and major, and elect additional courses for a total of 128 credits, at least 60 of which must be in the liberal arts. Those who wish to teach on the elementary or secondary level will also follow the programs approved for teacher certification.

BACHELOR OF SCIENCE in Business Administration. Students applying for the B.S. must satisfy the requirements of the core curriculum and major, and elect additional courses for a total of 128 credits, at least 60 of which must be in the liberal arts.

BACHELOR OF SCIENCE in Business Administration with a major in Accounting. This program prepares for the C.P.A. exams. Students applying for the B.S. must satisfy the requirements of the core curriculum and major, and elect additional courses for a total of 128 credits, at least 60 of which must be in the liberal arts.

BACHELOR OF SCIENCE in Recreation. Students applying for the B.S. in Recreation must satisfy the requirements of the core curriculum and major, and elect additional courses for a total of 128 credits, at least 60 of which must be in the liberal arts. At present, this program is offered only at the Suffolk Campus.

CERTIFICATE PROGRAMS

St. Joseph's College offers the following certificate programs, which are registered with New York State Education Department: Alcoholism and Addictions Counseling (28 credits), Counseling (12 credits), Criminology/Criminal Justice (24 credits), Gerontology (12 credits), Health Care Management (15 credits), Health Instruction (12 credits), Home Care Administration (18 credits), Hospice (15 credits), Human Resources (15 credits), Information Technology Applications (12 credits), Leadership and Supervision (12 credits), Management (27 credits), Marketing, Advertising, and Public Relations (12 credits), and Training and Staff Development (12 credits).

For all certificates, a cumulative index of 2.0 is required.

WEEKEND COLLEGE TRIMESTER PROGRAM

Offered through the School of Adult and Professional Education on the Suffolk Campus, accelerated Weekend College is intended for mature individuals with career and family responsibilities who wish to obtain a bachelor's degree or certificate but find it difficult to attend day or evening classes.

With classes offered approximately every third weekend in the trimester format, the accelerated Weekend College aims to provide adult students with an opportunity for personal and career development. Student achievement is fostered in an environment that encourages self-directed learning supported by a structure of relationships and on-going advisement. This new option promotes a balance between a traditional classroom experience, rich in interactive learning techniques, with an Independent Learning Component, adapted to the goals of each student. These Independent Learning Components insure that the accelerated courses are equivalent to traditional courses, yet tailored to the individual needs of the adult learner.

Applicants wishing to pursue a degree or certificate program in the accelerated Weekend College must satisfy the admission requirements for the degree or certificate program, as well as possess the maturity and background to undertake this challenging academic format. Students may supplement their trimester credit with credit by examination, prior experiential learning assessment credit, video course credit, or by enrolling in

additional evening courses. The following programs are offered: B.S. degrees in Health Administration and Organizational Management as well as Certificates in Counseling, Gerontology, Health Care Management, Home Care Administration, Human Resources, Information Technology Applications, Leadership and Supervision, Management, and Training and Staff Development.

ACADEMIC ADVISEMENT

An integral part of providing a quality educational experience to adults is an academic advisement system that can be responsive to their individual needs. Toward that end the School requires that all students meet with an advisor to plan an academic program. Prior to this meeting, students receive a counseling worksheet that will guide them and their advisors in the preparation of their programs. Students should retain this worksheet and bring it to subsequent advisement meetings. It is recommended that students consult with an advisor once a semester.

COURSELOAD. Full-time students may carry sixteen credits per term. Students beyond freshman year may take up to eighteen credits with the approval of an advisor. For more than six courses or eighteen credits in one semester, the permission of the Dean is required. (See Tuition Policy.)

Students taking the Portfolio and Career Development Seminar may have their courseload restricted. (See Prior Experiential Learning Assessment.)

PASS/NO CREDIT OPTION. To encourage exploration and experimentation in curricular areas, the faculty has provided that juniors and seniors may take one course per semester or during intersession or summer session on an index-free basis (i.e., the grade is not computed in the index). Students may not take more than a total of four courses Pass/No Credit.

Courses required either by the core curriculum or by the student's major department or area of concentration may not be elected on this basis. Students may have the first three weeks of the term in which to indicate that they wish to take this option (or in the case of a Summer Session or Intersession Course, before the fourth class). No changes, either to Pass/No Credit or back to letter grade, may be made after that time. Grades assigned are P or NC (Pass or No Credit).

Students should be cautioned that taking courses on a Pass/No Credit basis may make them ineligible for honors. (See Honors.)

REPEATED COURSES. A student who receives an unsatisfactory grade in a course specifically required for the degree, for the major, or for a certificate program may request departmental approval to repeat the course. Although the grade of F is the only one for which credit is not given, departments may require a grade of C or better for satisfactory completion of certain departmental requirements. In such cases, the Chairperson may permit the student to repeat a course in order to demonstrate mastery of the subject. Both the original grade and the repeated grade will appear on the transcript. Credit will be given only once for the course, and only the most recent grade will be calculated in the index.

AUDITING COURSES. Matriculated students may audit courses with the consent of the instructor and the permission of the Dean. Non-matriculated students pay the regular tuition for this privilege. No credit is given for audited courses, and no records are kept.

ACADEMIC POLICIES

Attendance

Students are expected to attend regularly and punctually all classes in which they are registered. Because active participation is considered vital to the educational process, class work constitutes 60-75% of the final grade in the course. Students who must be absent for an extended period of time are urged, therefore, to contact the individual instructor or the academic advisor concerning classwork, assignments, and announced quizzes.

At the same time, the faculty recognizes that on occasion students cannot be present. Because faculty members have confidence in the maturity of the student body and recognize the personal growth which comes through responsible freedom, the faculty has vested all members of the student body with personal responsibility for their attendance.

The faculty wish to emphasize, however, that students are equally responsible with them for creating a climate of inquiry and sharing. True education results only from active involvement in the learning process.

Students will not be permitted to register for a class after the second class session. (For a six-week or trimester course, students will not be permitted to register after the first class session.) Students may not register for nor enter writing courses after the first class session without the authorization of the Writing Coordinator.

If students have registered in advance but have missed the first two class sessions (*or* have missed the first class session of a six-week or trimester course), they will be encouraged to withdraw from the class. The reason for this is the compressed nature of the School of Adult and Professional Education scheduling configuration and the difficulty encountered by students attempting to make up missed work.

Students should understand that if they insist on staying in the class under these circumstances, they accept the responsibility of their decision. They should also understand that it will be difficult for them to make up the missed work, that the instructor is under no obligation to help them make up the missed material, and that their final grades may be affected both from the standpoint of material missed and class participation opportunities forfeited.

Change of Major

Students who wish to change their majors must submit this intent in writing to the Registrar. These requests are reviewed by the Department Chairperson or advisor. Students must then meet with an advisor to plan a new program. Change of major should be effected before the period of programming for the following term.

Where it appears that a student's request to change majors is being initiated in order to graduate at an earlier date and where it appears that the

student intends to complete another major at St. Joseph's College, the Dean - in consultation with the appropriate department chairpersons - reserves the right to deny the request.

Change of Program

A fee of \$20 is charged for each change of program form. If a course is cancelled, the students affected will be notified; there is no fee for this change of program.

Late Registration

A fee of \$25 is charged for late registration. Students are not permitted to register for a course in a fourteen-week session after the second class meeting (i.e., after two meetings of three hours each), nor to register for a six-week session after the first class session (i.e., after one session of seven and one-half hours).

Withdrawing from Courses

Students who wish to withdraw from a course should obtain the official form from the Registrar and follow the procedure outlined. Ordinarily, withdrawal may take place up to the midpoint of the term or session; thereafter, it may take place only for a most unusual reason and with the approval of the Dean. A fee of \$20 for each form is charged.

Students who do not withdraw officially from a course continue on the class register and must satisfy the requirements of the course.

Full-time students who receive permission to withdraw from a single course are not entitled to a refund unless the withdrawal involves extra credits. Once the session has begun, flat-rate students who change their programs to less than 12 credits will continue to be responsible for the flat-rate tuition charge (as opposed to the per credit rate). The time of the withdrawal is considered when calculating refunds. Tuition liability is based on the date the change of program form is received by the Registrar.

Courses to be Taken at St. Joseph's College

Students are required to take a minimum of 32 credit hours of coursework with St. Joseph's College, 9 of which must be completed either at the Brooklyn or Suffolk Campuses. The following courses will not be offered at the extension sites: ENG 103 Writing for Effective Communication; CHS 403 Community Health/Human Services and the Liberal Arts; GS/HA 404 Administration and the Liberal Arts; BUS 471 Research Seminar in Organizational Management; CHS 490 Research Seminar in Community Health and Human Services; HA 490 Research Seminar in Health Administration. The College reserves the right to restrict other course offerings to the Main or Branch Campuses.

Courses at Other Colleges

Students who have reason to take courses for credit at other colleges should file the appropriate form in the Registrar's office. The decision to allow students to take such courses is made by the Dean in consultation with the Department Chairperson or advisor. The College reserves the right to refuse permission or to limit the number of such courses. Students who

transfer to St. Joseph's as Juniors are usually expected to complete their course and credit requirements at the College. Upper level students may not take courses at junior or community colleges.

When the courses have been completed, students are responsible for having an official transcript sent to the Registrar. Although the grades are not entered on the transcript nor included in the cumulative index, no credit will be allowed for a course with a grade below C-. (For Transfer Student Policy, see **Admission and Finances.**)

Academic Standing

St. Joseph's College accepts for matriculation only those students whom the College believes capable of completing the requirements for the degree. Since students may experience difficulty at some point, however, they should consult, early enough in the term for practical assistance, the class instructor and/or the Chairperson of the Department, the Director of Counseling, their Academic Advisors, or any other faculty members. Students are advised to investigate the implications of academic standing on their eligibility for financial aid.

Satisfactory Progress is ordinarily represented by an index of 2.0. Students with indexes below 2.0 are evaluated by the Academic Development Committee. Basing their judgment upon the students' tested potential, previous academic background, and calculated estimation of improvement, the Committee may permit students to continue in the College in good standing, under the guidance of academic advisors, for a stated time, thus giving them a chance to succeed. However, this does not automatically mean that such a student is eligible for financial aid. Such students should consult the Financial Aid section of this catalogue, the Registrar, and the Director of Financial Aid to determine their continued eligibility for financial aid.

Semester Students

Full-time students are expected to complete their BA/BS degree within eleven (11) semesters at the minimum progress level outlined below:

The following will not be considered as credits successfully completed: “F” grades, “I” incompletes, “WD” withdrawals. Courses that are repeated will count in the calculation of completed hours earned if the student receives a passing grade. Both the original grade and the second grade will be counted in the cumulative index, but credit for the course will be given only once. Only one repetition of a course will be considered toward the number of credits successfully completed.

A transfer student, as any other student enrolling at the College for the first time, may initially be assumed to be maintaining satisfactory progress. Following this initial presumption of progress, the College will use the number of hours accepted as transfer credit from the previous institutions to place that student within its time frame. For example, a student who is accepted at the junior class level based on 60 transfer credits earned at other institutions would be placed at the fifth semester time frame.

At the end of each semester the Registrar reviews the record of every student and refers to the Committee on Academic Development those who have failed to maintain an index of 2.0 and/or who have failed to complete successfully the minimum number of credits for their enrollment status (FT or PT). The faculty members, with the Dean, and the Registrar as consultants, endeavor to determine the causes of the academic difficulty and recommend adjustments in program for the following term. The faculty members of the Committee serve thereafter as special advisors to those students who have been referred to them.

Full-time students who, at the end of a semester, have not achieved an index of 2.0 or higher, and/or who have failed to complete successfully the minimum number of credits for their enrollment status, may not take more than 12 credits the following semester. Part-time students may not take more than 6 credits the following semester without special permission of the Dean. Although the Committee on Academic Development reviews each case individually, students who continue to achieve below the required index of 2.0 and/or who have failed to complete successfully the minimum number of credits for their enrollment status will be advised to withdraw. Students who have been asked to withdraw may represent to the Dean, in person or in writing, any relevant circumstances.

Reinstatement

Students asked to withdraw because of unsatisfactory progress may apply to be readmitted to the College. The procedure requires a written request, assessment of previous academic record and of potential, evidence of increased motivation, possible retesting, and approval of the Chairperson of the major department and the Dean.

Students who have been reinstated are responsible for finding out the conditions, if any, which must be satisfied in order to obtain financial aid.

Examinations

Final examinations are held at the end of each semester. Exceptions to this procedure require the approval of the Dean.

Genuine emergency such as illness is the only excuse for absence from an examination. Documentation of the emergency may be required. A student

who is absent from a final examination must call the Registrar on the day of the exam, giving the reason for the absence. Within one week, the student must write to the Dean, stating the reason for the absence and requesting a make-up exam. A fee of \$25 dollars is required for each make-up examination. By faculty regulation, a special examination may be given no sooner than two months from the date of the originally scheduled examination. The dates for such examinations are listed on the academic calendar; the hours are specified by the Registrar. Students must take the make-up exam at the time specified. A student who is absent from a make-up exam will receive a grade of zero for the exam.

Incompletes

If a faculty member believes that a student, for a serious reason, should be allowed additional time in which to complete the requirements of a course, the faculty member may file a form with the Registrar to this effect. It is the responsibility of the student for whom such exception has been made to see that the work is completed so that the faculty member may give the final grade to the Registrar NOT LATER THAN January 31 for the Fall semester, July 1 for the Spring semester, and September 1 for the Summer session. All coursework must be completed prior to the day of graduation.

Grades and Reports

Transcripts of courses and grades are issued at the end of each term. The final grade in each course is based on the criteria established by the individual faculty member. Grades are interpreted as follows:

<i>Quality</i>	<i>Grade</i>	<i>Percentage</i>	<i>Quality Points</i>
Excellent	A	93.0 - 100	4.0
	A-	90.0 - 92.9	3.7
	B+	87.0 - 89.9	3.3

Withdrawal from the College

Students who plan to withdraw from the College should consult an advisor and then submit written notification of withdrawal. All financial obligations to the College must be fully paid before students may withdraw or graduate in good standing. In addition, students who have received a scholarship or loan must have an exit interview with the Financial Aid Officer. (See Financial Aid). It is important for financial aid purposes that the last date of attendance be officially recorded. The Administration of the College may require the withdrawal of students whose academic record or conduct is judged unsatisfactory.

Students who have been inactive for two semesters or more should consider themselves withdrawn. If they wish to later re-enroll at the College, they will be required to be readmitted and will be subject to all the requirements and procedures in force upon their subsequent readmission. See General Limitations on Prior Learning Credit.

St. Joseph's College is under no obligation to readmit students who have withdrawn from the College or who have been asked to withdraw.

HONORS

Dean's Honor List

At the beginning of each term, the Dean publishes the names of those full-time students (12 credits or more) who in the previous academic semester attained an index of 3.65 or higher. Part-time students who attain an index of 3.65 after 15 credits are eligible for the Dean's Honor List and must file an application with the Registrar by August 30 for the Summer session, February 15 for the Fall semester, or June 30 for the Spring semester. Graduates need not apply in their last semester since this index is computed automatically for graduates. This list is posted on a special bulletin board in the main hall of the College, outside the Dean's Office.

Senior Honors

Students who achieve a cumulative index of 3.8 for the last 30 credits taken at St. Joseph's College will receive Senior Honors.

Distinguished Graduate Award

The Distinguished Graduate Award is given to students who achieve a cumulative index of 3.85 for the last 45 credits taken at the College. Persons receiving the Distinguished Graduate Award will not also receive Senior Honors.

HONOR SOCIETIES

Delta Gamma Sigma

Membership in the School of Adult and Professional Education honor society, Delta Gamma Sigma, is based on academic performance as well as on significant volunteer service to the College, to the community and/or professional organizations. The name of the honor society, Delta Gamma Sigma, is derived from the first letters of the Greek words Diakonia (service), Gnosis (knowledge), and Sophia (wisdom). Candidates must be individuals who represent the ideals of St. Joseph's College. Students pursuing a bachelor's degree within The School of Adult and Professional Education who have completed thirty credits or more at St. Joseph's College with a cumulative index of 3.85 or higher are eligible for election to membership in Delta Gamma Sigma. The Adult and Professional Education Office will send academically eligible students the necessary application form. Eligible students must then return the application to a committee appointed by the Dean. The application will include evidence of significant volunteer service and an essay which reflects on this service. No more than fifteen percent of the currently enrolled Adult and Professional Education students with thirty credits or more may be elected to the society. Election to Delta Gamma Sigma will be permanently recorded on the transcript at the end of the semester in which the qualifying index was achieved. Recognition at Commencement will be dependent upon students' maintaining a cumulative index commensurate with Senior Honors. Students who do not achieve initial eligibility until their last semester at the College may not, due to time constraints, have their election recognized at Commencement (although their election will subsequently be recorded on the transcript).

In computing the index for each of the above honor categories, the grades from full semesters are used, which may necessitate including more credit than the required minimum.

Nursing Honor Society

Membership in the St. Joseph's College Nursing Honor Society is based on superior scholastic achievement, evidence of professional leadership potential and/or marked achievement in the field of Nursing. Candidates must have a grade point average of at least 3.0, have completed at least half of the Nursing Baccalaureate curriculum, and must rank in the top 35% of the graduating class. Eligibility for membership is determined by an eligibility committee.

STUDENT'S RIGHT TO PRIVACY AND ACCESS TO RECORDS

Public Law 93-380, usually titled "Family Educational Rights and Privacy Act," or more often known simply as the Buckley Amendment, prohibits release of any material in a student's file without the written consent of the college student. This law also affords students the right to review the contents of their official academic folders, except for those documents excluded by Law 93-380, as amended.

Students who wish to inspect their folders are required to complete the REQUEST FOR DISCLOSURE OF STUDENT FILE INFORMATION. These forms are available in the Registrar's Office and in the Office of the Academic Dean. Students who wish to challenge the contents of their folders as inaccurate, misleading, or inappropriate, should follow the informal and formal proceedings outlined in the current Student Handbook.

STUDENT COMPLAINTS

A student who has a complaint about an academic matter should follow the procedures set forth in the *Student Handbook* under Student Grievance Procedures in Academic Matters. No adverse action will be taken against any student who files a complaint.

It is the responsibility of all students to inform the College of any change in their mailing address. Failure to do so relieves the College of any liability in the event that important correspondence is not received by the students.

CURRICULAR OFFERINGS

Bachelor of Science in Community Health and Human Services
(Formerly Bachelor of Science in Community Health)

Lorraine Boykin, Ed.D., Chairperson

The Bachelor of Science degree in Community Health and Human Services has been designed to promote the career and educational advancement of practitioners, to improve the health and human services delivery system, and to meet the needs of the individuals and communities which that system serves.

In addition to having met the general admission requirements of the School, students typically have postsecondary education and training and have acquired, through experience, the skills and knowledge appropriate to the degree. Exceptions to this are made with the approval of the Dean.

A minimum of 21 credits with a CHS or CHA identifier must be taken at St. Joseph's College (MAT 151 may be applied toward this requirement).

The Department reserves the right to require an additional English writing course(s) at any point in a student's program if deemed appropriate based on the student's writing level.

The following courses will be offered during either the 2001-2002 or the 2002-2003 academic year – including Summer, Fall, Intersession, and/or Spring semesters/sessions/trimesters – on both the Brooklyn and Suffolk Campuses, unless otherwise noted. Consult the semestral schedule of courses for more specific information, including Suffolk Campus Weekend College Trimester Program. Courses marked with an asterisk are applicable to the liberal arts requirements of the curriculum.

CHS 150 GROUP DYNAMICS AND COMMUNICATION*
(PSY 150)

A theoretical introduction to small group processes, with an emphasis on the relationship between groups and the individual, and on the communication process. Students participate in small group exercises as part of the course requirements.

3 hours a week, 1 semester, 3 credits.

CHS 230 EMOTIONAL/BEHAVIORAL DISTURBANCE IN
CHILDREN AND YOUTH*

An overview of emotional and psychiatric disorders in childhood and adolescence, ranging from debilitating psychiatric problems to transient situational disorders as related to the family, school, and community. Various modes of treatment are discussed.

3 hours a week, 1 semester, 3 credits.

CHS 231 CHILD ABUSE AND NEGLECT*

An exploration of the social, economic, and familial factors that are contributive to child abuse and neglect. The effects of these problems on the child, family, and community are discussed. Also covered are such topics as reporting, crisis intervention, and prevention.

3 hours a week, 1 semester, 3 credits.

CHS 270 SOCIOLOGY OF HEALTH*
(SOC 270)

An exploration of the social and cultural facets of health and illness and the functioning of organizations involved in health care. The social behavior of health personnel and those who are the consumers of health is also stressed.

3 hours a week, 1 semester, 3 credits.

CHS 403 COMMUNITY HEALTH/HUMAN SERVICES
AND THE LIBERAL ARTS*

This course, designed for Community Health and Human Services majors, focuses on the application of the liberal arts to issues in community health and human services. Drawing on the knowledge and methodologies of the social sciences and the arts and humanities, this course explores themes prevalent in the study of community health and human services. (Suggested antecedent course: CHS 415.)

3 hours a week, 1 semester, 3 credits.

CHS 407 HUMAN SEXUALITY IN HEALTH AND DISEASE*

This course will provide an overview of the psychological, biological, and sociological aspects of human sexuality from adolescence to the senior years. The need for ongoing education throughout the life span will be emphasized. There will also be information on sexually transmitted diseases including HIV/AIDS.

3 hours a week, 1 semester, 3 credits.

CHA 408 EPIDEMIOLOGY*

An introduction to the science of epidemiology dealing with the incidence, distribution, and control of disease in the population. Concentration is directed toward health promotion and disease prevention at institutional and community levels. The role of the public health and other agencies is also discussed.

3 hours a week, 1 semester, 3 credits.

CHS 409 PSYCHOLOGICAL FACTORS IN HEALTH AND DISEASE*

This course will demonstrate how the effects of attitudes, emotions, and relationships are related to physical health and well-being. Personality styles, stress, social support, humor, and spirituality will be discussed as factors influencing the immune system. Principles and techniques to strengthen empowerment and a sense of personal control will be offered.

3 hours a week, 1 semester, 3 credits.

CHS 411 ALCOHOLISM*

This course examines theories surrounding the etiology of alcoholism, including biological, psychological, sociological, and cultural factors. The impact of alcoholism on the individual, family, and community is discussed. Methods of prevention, treatment, and rehabilitation are also explored.

3 hours a week, 1 semester, 3 credits.

CHS 412 ADDICTIONS AND DEPENDENCIES*

The process of dependency is examined not only as it applies to substances, including alcohol, but also as it relates to pathological gambling, compulsive over-eating, and co-dependencies. Effects of various substances on the body will be discussed. The etiology of addictive and dependent behavior as well as the impact this abuse has on the individual, family, and community are studied. Methods of prevention, treatment, and rehabilitation are explored.

3 hours a week, 1 semester, 3 credits.

CHS 413 NUTRITION IN COMMUNITY HEALTH

This course introduces students to needs assessments of nutrition as an integral part of overall health needs in diverse communities. Strategies are formulated to help students devise plans for working with human service agencies in dealing with issues of nutrition. Eating patterns and sources of calories and nutrients will be examined in the following populations: the elderly, pregnant women, children, and adolescents. Special attention will be given to the impact of poverty on nutrition and to the increasing incidence of eating disorders and obesity. Contemporary issues will be addressed.

3 hours a week, 1 semester, 3 credits.

CHS 415 COMMUNITY HEALTH AND HUMAN SERVICES* (Formerly Community Health)

This introductory course explores the interrelationship between the community, its health needs, and the response of the health and human service delivery system to meet these needs. A history of community health and human service is covered, as are the social, cultural, and economic forces that give rise to specific health problems, attitudes, and behaviors, including the response of various community health and human service systems to prevent disease and promote health.

3 hours a week, 1 semester, 3 credits.

CHA 416 CONSUMER HEALTH

This course is designed to assist the student in becoming a well-informed participant in a world of conflicting data regarding health and health care services. Traditional and non-traditional medical practices, products, and pharmaceuticals; managed care; governmental regulations; and the voice of the consumer will be covered.

3 hours a week, 1 semester, 3 credits.

CHS 419 ALCOHOLISM AND ADDICTIONS IN THE FAMILY AND SOCIETY*

This course centers on alcoholism and addictions as these relate to the family, its individual members, and society. A special focus is the child's development in a dysfunctional family and the later outcome known as adult children of alcoholism. Co-dependency, family violence, therapeutic interventions, special populations, HIV/AIDS, and societal implications are explored.

3 hours a week, 1 semester, 3 credits.

CHS 420 HEALTH EDUCATION

Health education programs which promote optimal health through education in community agencies are explored. The vital role of the health educator in schools, hospitals, and corporations is examined within the administrative context and structure of the agency. Necessary tools and techniques needed to implement programs are reviewed.

3 hours a week, 1 semester, 3 credits.

CHA 423 PRINCIPLES OF TRAINING AND STAFF DEVELOPMENT (GS 423)

(Formerly Staff Development Management and Methods of Teaching I)

This course provides a survey of the methods used in the training and career development of employees in the service of individual and organizational effectiveness. Central to the course is its focus on planning, designing, and implementing an overall training and development effort for an organization.

3 hours a week, 1 semester, 3 credits.

CHA 424 TRAINING AND DEVELOPMENT TECHNIQUES (GS 424)

(Formerly Staff Development Management and Methods of Teaching II)

This course focuses on conducting a specific training and development program, including developing a needs analysis, creating program objectives, selecting an appropriate teaching methodology, identifying instructional aids, and developing an evaluation instrument.

3 hours a week, 1 semester, 3 credits.

CHA 426 HEALTH TOPICS

This course provides students with the opportunity to participate in a focused exploration of a current topic pertaining to the health field. Students may not earn more than 2 credits by taking Health Topics coursework.

1 credit.

CHS 429 HUMAN SERVICES DELIVERY SYSTEM

This course provides an overview of the human services delivery system within the United States. Governmental and private structures will be explored, as will mechanisms of finance. Also covered will be the emerging role of the human service worker, as well as current approaches and philosophies germane to human services.

3 hours a week, 1 semester, 3 credits.

CHA 430 HEALTH CARE DELIVERY SYSTEM (Formerly Issues In The Health Care Delivery System)

An in-depth study of the organization of the U.S. health care delivery system. Special attention is given to practices and problems affecting providers and consumers of health care. Recent changes in the financing mechanisms and their impact on distribution of services are discussed.

3 hours a week, 1 semester, 3 credits.

CHA 432 AMBULATORY CARE ADMINISTRATION
(formerly Community Health and Ambulatory Care Administration)

This course focuses on the delivery of health services on an outpatient basis, including the administration of other health services, including physician practice and management techniques provided in the ambulatory setting. Governmental regulations, organizational considerations, staffing patterns, quality issues, and reimbursement are examined.

(Suggested antecedent course: HA 481 or CHS 415.)

3 hours a week, 1 semester, 3 credits.

CHA 433 MANAGED CARE

An overview of the evolution of managed care and current trends, including systems terminology, public policy, and market performance issues.

(Students who have taken the one credit course CHA 426 Health Topics: Managed Care cannot take the 3 credit course.)

3 hours a week, 1 semester, 3 credits.

CHS 434 FAMILY HEALTH*

The evolving psychological, social, and physical needs of today's family unit will be addressed. Included will be the following topics: adoption, single parents, step-parents, teenage pregnancy, chronic illness (child or parent), divorce, grandparents raising children, and the redefinition and modeling of family roles.

3 hours a week, 1 semester, 3 credits.

CHA 435 CONTINUOUS QUALITY IMPROVEMENT

The course will focus on the shift in health care to CQI, risk management, and client satisfaction. Emphasis will be placed on compliance with and accreditation by regulatory agencies. It will also examine the different strategies and evaluation techniques that can feasibly result in increased productivity and performance in the delivery of health care services from the development of CQI and TQM.

3 hours a week, 1 semester, 3 credits.

CHA 437 HOME CARE ADMINISTRATION

This course focuses on the operation and administration of the many types of home care providers. The evaluation and growth of home care is discussed. Also covered are such topics as: government regulations, financing, staffing, continuing education needs, and marketing.

(Suggested antecedent course: CHA 430)

3 hours a week, 1 semester, 3 credits.

CHA 438 HOSPICE CONCEPTS

This course explores the history and principles of the hospice movement, particularly within the context of New York State Regulations. Topics for study include administration/finance, the interdisciplinary team, the family as a unit of care, pain/symptom management, home/in-patient care, and bereavement care.

3 hours a week, 1 semester, 3 credits.

CHA 439 PRACTICUM IN THE HOSPICE FIELD

A supervised field experience in a hospice setting, this course is made available on an individual basis. Approval required. Placements are arranged by students and instructor.

Hours to be arranged. Typically no evenings or weekends. 3 credits.

Prerequisites: Required and elective courses for the Certificate in Hospice

CHS 440 PRINCIPLES OF COUNSELING*

In this course, students will be introduced to a conceptual framework for understanding counseling and the counseling process. This will include classical, experiential, and cognitive-behavioral theories as well as models and principles of marital, child, group, career, school, multicultural, and mental health counseling.

3 hours a week, 1 semester, 3 credits.

CHS 441 COUNSELING TECHNIQUES*

This course offers students an introduction to basic counseling skills and techniques which can be used in a variety of community settings. Class emphasis is experiential (role playing), to assist the student in becoming more comfortable in the counseling role.

Prerequisite: CHS 440

3 hours a week, 1 semester, 3 credits.

CHS 442 FAMILY COUNSELING*

Problems which arise in the traditional family unit and in the wide range of evolving family systems will be discussed. Several theories will be explored as well as the role, function, and intervention skills needed by today's diversity-aware family counselor. Family therapy options will be addressed.

Bachelor of Science in Health Administration

Lauren G. Pete, J.D., Ph.D., Chairperson

The Bachelor of Science degree in Health Administration has been designed to promote the career and educational advancement of practitioners, to improve the health care delivery system, and to meet the needs of the individuals and communities which that system serves.

In addition to having met the general admission requirements of the School, students typically have postsecondary education and training and have acquired, through experience, the skills and knowledge appropriate to the degree. Exceptions to this are made with the approval of the Dean.

A minimum of 21 credits with an HA or CHA identifier must be taken at St. Joseph's College (MAT 151 may be applied toward this requirement).

The Department reserves the right to require an additional English writing course(s) at any point in a student's program if deemed appropriate based on the student's writing level.

Bachelor of Science with a Major in Nursing

Barbara L. Sands, Ph.D., R.N., Director

The Department of Nursing offers an upper-division baccalaureate program designed exclusively for registered nurses. The program is accredited by the National League for Nursing Accrediting Commission. The curriculum is planned to maximize the strengths the registered nurse brings to the baccalaureate program. The program focuses upon the utilization of nursing theory; the promotion, restoration and maintenance of health for clients; the development of critical thinking and decision-making skills; and the development of leadership skills appropriate to beginning professional practice. The research process as it relates to nursing is taught and utilized throughout the program. Clinical experiences are provided at a variety of health care settings under the direction of the Nursing faculty.

The purposes of the program are to:

1. Provide the graduate with breadth of knowledge and values from both general and professional education.
2. Prepare the graduate for professional practice in traditional and unstructured health care settings.
3. Provide a foundation for graduate education in nursing.
4. Provide the knowledge base and experiences that will facilitate resocialization from technical to professional nursing practice.

Admission Process

Candidates for admission to the Nursing program must submit:

1. A Nursing program application.
2. Transcripts of lower-division coursework. If student copies of transcripts are submitted initially, official transcripts must be on file within the first 18 credits of coursework at St. Joseph's College.
3. Two letters of reference from employing agency or School of Nursing attesting to the candidate's clinical competency and potential for professional growth.
4. Proof of licensure as a Registered Professional Nurse in New York State.

Admission Requirements

Candidates for admission to the Nursing program must have:

1. Graduated from an Associate Degree Nursing Program or a Hospital Diploma Program accredited by the National League for Nursing Accrediting Commission.
2. A current license in New York State as a Registered Professional Nurse or eligibility to sit for the NCLEX-RN licensing exam. Students must have a current New York State RN license to enroll in NU 350.

3. Completion of lower-division course requirements. Candidates are eligible to apply for admission after completing 24 credits of lower division course requirements at a regionally accredited community or senior college. CLEP challenge exams are available in selected science and liberal arts courses.
4. A satisfactory cumulative grade point average in lower-division course work. All candidates with a grade point average of 2.5 on a 4 point scale will be reviewed for admission. Preference will be given to those with a 3.0 or above grade point average.
5. Satisfactory scores on the NLN Nursing Acceleration Challenge Exam (ACE) II RN-BSN Tests required for graduates of Hospital Diploma Programs. These tests must be taken no later than the second semester after admission to the program.

Nursing Course Offerings

The following courses will be offered in either the Summer, Fall, or Spring semester/session during the 2001-2002, 2002-2003 academic years on the Brooklyn and Suffolk Campuses.

NU 300 THEORETICAL BASES IN NURSING

The focus of this course is the study of the conceptual framework and theories which provide the bases for professional nursing practice. The historical evolution of the theoretical foundation of nursing practice will be discussed, as well as the functions and merits of theory development to nursing practice, education and research. Selected nursing theories and concepts will be explored with an emphasis on the application of these to the nursing process. A case study approach will be used to provide students the opportunity to apply learning to practice situations.

3 hours a week, 1 semester, 3 credits.

NU 310 PROFESSIONAL NURSING PRACTICE ROLES

The student engages in a study of the historical perspectives in the development of professional practice roles. Role theory, role socialization and role differentiation are examined as related to organizational structure and goals. The diversity of practice roles, changing roles, and expanded roles are explored with an emphasis on professional accountability, legal and ethical implications and advocacy.

3 hours a week, 1 semester, 3 credits.

NU 320 HOLISTIC NURSING (elective)

This course is designed to provide an introduction to holistic nursing and an overview of selected healing modalities such as therapeutic touch, relaxation and guided imagery. Discussions, demonstrations and/or experiential sessions are utilized to facilitate an understanding of these modalities. Emphasis is placed on theory-based practice. The implications of holistic nursing in practice and research are examined.

Prerequisites: NU 300, NU 310

3 hours a week, 1 semester, 3 credits.

NU 350 PROFESSIONAL NURSING WITH INDIVIDUALS

This course focuses upon the health appraisal of clients including select physical assessment skills. Emphasis is placed on health promotion and the total assessment of the client including factors affecting health status, health history, client education and the application of the nursing process. The integration of Roy's theory and the nursing process, communication and interpersonal relationship skills are emphasized.

Prerequisites: NU 300, BIO 331

Co or Prerequisite: NU 310

4 hours lecture/college lab per week, 4 hours clinical per week for two weeks, 4 credits.

NU 400 PROFESSIONAL NURSING WITH FAMILIES

This course includes a study of the concept of a family, the family environment as related to and influenced by health and illness, and the family as a system. Relevant theories are explored in relation to nursing practice with families focusing upon health promotion, maintenance and restoration. Public policy issues that affect family health care are explored.

Prerequisites: NU 300, NU 310

3 hours a week, 1 semester, 3 credits.

NU 410 PROFESSIONAL NURSING WITH COMMUNITIES

This course focuses upon the application of theories to promoting, maintaining, and restoring the health of communities. Emphasis is placed on the utilization of the nursing process in the health assessment of families and communities. Health promotion, health education, coordination and continuity of care are emphasized as are the roles of the professional nurse in community practice. The epidemiological process is stressed in surveying current major health issues. Public policy issues relating to health care are explored.

Prerequisites: NU 350, PSY 150, NU 400

3 hours lecture per week, 6 hours clinical per week, 1 semester, 6 credits.

NU 420 NURSING RESEARCH

This course focuses upon the critical evaluation of nursing research and the implications for nursing practice. Concepts basic to the research process, approaches to and methods of research are explored. Emphasis is placed on ethical considerations and the role of the nurse as a knowledgeable consumer of research.

Prerequisites: NU 300, MAT 151, GS 402

3 hours a week, 1 semester, 3 credits.

NU 430 NURSING LEADERSHIP

This course includes a study of theories of leadership, organizational behavior, and planned change. Emphasis is placed on decision making. Nursing leadership in traditional and unstructured health care settings is explored. The student examines values and ethical issues, as well as socioeconomic and public policy issues affecting nursing and health care delivery.

Prerequisites: NU 350, PSY 150

3 hours a week, 1 semester, 3 credits.

NU 450 PROFESSIONAL NURSING PRACTICUM

This course continues the study of theories and practice models that guide nursing practice with groups, families, and communities. Emphasis is placed on the use of leadership skills, strategies for initiating and facilitating change, and the application of research to nursing practice. The practicum is designed to facilitate the learner's self assessment and self directed pursuit of professional nursing knowledge in an area of interest.

Prerequisite: NU 350

Co or Prerequisite: NU 430

3 hours seminar per week, 6 hours clinical per week, 1 semester, 6 credits.

Students under the direction and guidance of faculty develop a learning contract for each clinical nursing course. The learning contracts are designed in accord with the student's academic and professional background and the objectives of the course. The use of the learning contract provides for student self-direction and participation in the selection of their learning experiences. Clinical hours are planned on a to-be-arranged basis.

Bachelor of Science in Organizational Management

Eileen White-Jahn, Ph.D., Chairperson
 George Fasano, M.B.A., C.P.A., Associate Chairperson
 Rupert Campbell, M.B.A., Coordinator of Business Management,
 School of Adult and Professional Education

Designed to foster career and educational advancement, the Bachelor of Science degree in Organizational Management provides working adults with knowledge and skills pertaining to management, organizational behavior, and human resources for the purposes of promoting managerial effectiveness and the enhancement of human performance in organizations. It is a flexible degree that builds upon prior learning and life experience. In order to be admitted to the program, adults would typically be employed in a full-time position and would have substantial work experience involving supervision, program development, specialized training, considerable responsibility, and/or independent judgment. A minimum of 21 credits from Required and/or Elective Business Courses must be taken at St. Joseph's College (MAT 151 may be applied toward this requirement). B.S. degrees in Business Administration and Accounting are offered through the School of Arts and Sciences; consult an admissions counselor.

Business Course Offerings

The following courses will be offered during either the 2001-2002 or the 2002-2003 academic year – including Summer, Fall, Intersession, and/or Spring semesters/sessions/trimesters on both the Brooklyn and Suffolk Campuses, unless otherwise noted. Not all of these courses will be available at night or on weekends on both campuses. Consult the Arts and Sciences Catalogue and the semestral schedule of courses for more specific information including the Suffolk Campus Weekend College Trimester Program. Courses marked with an asterisk are applicable to the liberal arts requirements of the curriculum.

BUS 100 PROCESS OF MANAGEMENT

An introduction to the business decision-making process through the study of the theory and practice of management. The manager's tasks – planning, organizing, directing and controlling – are reviewed through reading and case studies. The student is introduced to the concept of strategic planning, and in line with today's emphasis on productivity, particular attention is paid to Human Resources and Motivation.

(Not to be taken by students who have taken HA 481)

3 hours a week, 1 semester, 3 credits.

BUS 120 MACROECONOMICS* (ECO 120)

National economic policy; inflation and unemployment in the business cycle; output and income determination; government expenditures and receipts; fiscal policy and monetary policy; Federal Reserve System and the banking system; variations in stabilization policy; the impact of capital-labor relations.

3 hours a week, 1 semester, 3 credits.

BUS 130 ORGANIZATIONAL BEHAVIOR (HA 130)

An introduction to the study of management theory concerning human behavior in formal organizations. The student is given the opportunity to test theories through the analysis and discussion of a series of case studies.

(Suggested antecedent courses: BUS 100 or HA 481)

3 hours a week, 1 semester, 3 credits.

BUS 150 BUSINESS LAW I

Introduction to legal environment of business. General survey of the legal system, court and procedures. Study of the law of contracts, agency, partnership and corporations. The course uses the case and text method.

3 hours a week, 1 semester, 3 credits.

BUS 151 BUSINESS LAW II

A continuation of Business Law I. Personal property, bailments, sales, commercial paper, creditors' rights, real property, secured transactions and regulations of business.

Prerequisite: BUS 150

3 hours a week, 1 semester, 3 credits.

BUS 161 INTERNATIONAL ECONOMIC PROBLEMS* (ECO 161)

Survey of current problems covering international trade, international finance, the relations between technologically advanced and less-developed nations, and various international institutions and markets for the promotion of sustainable economic growth. Focus on current issues in international economic policy.

3 hours a week, 1 semester, 3 credits.

BUS 200 MARKETING

A study of the importance of marketing to society and to the economy, and its pivotal role in the business and non-profit sectors. The course provides a firm foundation in marketing principles and in the strategic marketing planning process.

3 hours a week, 1 semester, 3 credits.

BUS 202 RETAIL MANAGEMENT

A study of the marketing of goods and services to the final customer. Topics include the structure of contemporary American retailing, assortment planning, inventory control, customer service, price, promotion and location strategies, international retailing, and the interrelationship of retailing, society, and the economy.

(Suggested antecedent course: BUS 200)

3 hours a week, 1 semester, 3 credits.

BUS 204 MARKETING PROMOTION AND ADVERTISING

An intensive review and study of the promotion and sale of products or services. Both conceptual and applied approaches to such areas as advertising and public relations are used. The student will be required to develop a report on a promotion plan for a product or service.

(Suggested antecedent course: BUS 200)

3 hours a week, 1 semester, 3 credits.

BUS 206 MARKETING RESEARCH

A study of the various research methodologies used in solving marketing research problems. Includes Research Design and Data Collection Methods (surveys, questionnaire design, sampling) to enable the student to make the best possible decision in exploring solutions to marketing problems and opportunities. A complete Marketing Research report is required.

Prerequisites: BUS 200, MAT 151, or BUS 121

3 hours a week, 1 semester, 3 credits.

BUS 208 PUBLIC RELATIONS

The study of Public Relations and its role as a communications and marketing tool. Corporate image, external and internal communications, firms' relationships with various organizations explored. Case study analysis and practice in writing press releases and other corporate communications expected.

3 hours a week, 1 semester, 3 credits.

BUS 210 CONSUMER MOTIVATION AND BEHAVIOR

The examination of consumer motivation and behavior employing the disciplines of Anthropology, Psychology and Sociology. Freud, Skinner, and Maslow's theories are utilized. The purpose of the course is to enable the student to understand what motivates the consumer to buy and why.

(Suggested antecedent course: BUS 200)

3 hours a week, 1 semester, 3 credits.

BUS 214 SALES MANAGEMENT

The importance of managing the creative selling function including tele-marketing missionary sales, prospecting and qualifying prospects, territory management, role ambiguity, evaluating of sales performance, the establishment of standards, and motivating a sales force.

Prerequisite: BUS 200

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

BUS 219 PRINCIPLES OF FINANCE

(Formerly BUS 125)

A survey of the role of finance in business management. Major areas of study include an examination of financial markets, financial organization of business entities, analysis of budgets, credit, equity, and debit financing, cash flow requirements, break-even analysis, the uses of corporate securities in capitalization and asset management.

Prerequisite: ACC 200

3 hours a week, 1 semester, 3 credits.

BUS 221 LABOR ECONOMICS*

(ECO 221)

Analysis of the role of labor in the American economy and of factors which contributed to the changing pattern of industrial relations. Great emphasis on present-day collective bargaining. Discussions include references to current labor issues.

Prerequisite: BUS 120 or BUS 226

3 hours a week, 1 semester, 3 credits.

BUS 222 STATISTICS

(ECO 222)

Collection and tabulation of statistical data. Sampling. Probability. Binomial distribution and the use of the normal curve.

Prerequisite: Mathematics 111 or Mathematics 113

3 hours a week, 1 semester, 3 credits.

BUS 223 MONEY AND BANKING*
(ECO 223)

The role of money and credit in our economic system. Commercial banks and Federal Reserve System. International money relations.

3 hours a week, 1 semester, 3 credits.

BUS 226 MICROECONOMICS*
(ECO 226)

Marginal analysis of demand and supply, of the individual firm, of perfect and imperfect competition.

3 hours a week, 1 semester, 3 credits.

BUS 228 HISTORY OF ECONOMIC THOUGHT*
(ECO 228)

An analysis of major changes in economic thinking; mercantilism, physiocracy, classical school with its Marxist opposition, historical and marginalistic schools, Marshall, institutionalists, Keynes, and present-day trends.

Prerequisite: BUS 120

3 hours a week, 1 semester, 3 credits.

BUS 230 HUMAN RESOURCES MANAGEMENT
(HA 230)

A review of the theory of the effective management of human resources. The students examine employer-employee relations in such areas as equal employment opportunity practices, training and evaluation methods, compensation and reward or motivational programs, legal and regulatory requirements and the role of collective bargaining. The course utilizes the case method supplemented with an assigned text.

(Suggested antecedent course: BUS 100 or HA 481)

3 hours a week, 1 semester, 3 credits.

BUS 232 LABOR RELATIONS
(Formerly COLLECTIVE BARGAINING)

A study of organized labor and its impact on the firm's management and business strategy. Active student participation is expected in the discussion of the collective bargaining process and the issues arising from the creation and administration of the collective bargaining agreement. The rights of management in directing the workforce versus the rights of employees as expressed in the contract are explored. Selected cases involving such issues as technological change, job assignments, wage structure, grievance procedure, production standards, and arbitration will be utilized.

Prerequisite: BUS 230

3 hours a week, 1 semester, 3 credits.

BUS 235 HUMAN RESOURCES LAW

(HA 235)

(Formerly BUS/HA152)

A study of the legal concepts affecting the employer-employee relationship within organizations. Federal and State statutes/regulations and judicial decisions will be explored as they relate to the following: recruiting, hiring, and placement; compensation; training, promotion, and transfer; discipline and termination; affirmative action; retirement and benefits; performance appraisal; discrimination; safety and health; and unions and collective bargaining.

(Suggested antecedent course: BUS/HA 230)

3 hours a week, 1 semester, 3 credits.

BUS 262 GOVERNMENT REGULATION OF BUSINESS

A study of government regulation of business under Federal and state laws. Particular attention is paid to anti-trust laws, restraint of trade, monopolies, mergers, wages and price controls. Regulations which apply to industries such as utilities, energy, communications, transportation are analyzed. In addition, government intervention in business under FDA, NATSA and OSHA regulations is discussed and how they affect business decisions. The course uses the text and case method.

Prerequisites: BUS 150 and BUS 151

3 hours a week, 1 semester, 3 credits.

BUS 263 REAL PROPERTY LAW

A study of contemporary issues involving real property and the law. Land use, zoning, public "taking" of private property, programs for housing needs of young people, senior citizens, homeless, liability of land owners, landlords and tenants, real estate development, rights of the community vs. rights of private ownership, environmental issues and their effect on land use and development.

Prerequisite: BUS 151

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn

BUS 264 BUSINESS LAW FOR PUBLIC ACCOUNTANTS

An intensive review of the law of contracts, sales, negotiable investments, partnerships, corporations, secured transactions, real property, personal property, will and estates.

Prerequisite: BUS 151

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn

BUS 275 INTERNATIONAL BUSINESS

This course presents students with a global view of contemporary business. Techniques used by businesses to engage in international commerce are studied in conjunction with the cultural, social, economic, geographic, and political factors which affect the success of international business activities. Specific topics of study include international trade theories, global economic associations, the foreign exchange market, importing, exporting, global production systems, international marketing, and the assessment of the potential of specific international markets.

(Suggested antecedent course: BUS 100)

3 hours a week, 1 semester, 3 credits.

BUS 280 PRINCIPLES OF INSURANCE

Principles of insurance in property, liability, life and health care. Topics covered include risk management and insurance concepts, marketing, underwriting of insurance policies as well as industry structure and regulatory environment.

Prerequisites: BUS 150, BUS 151

3 hours a week, 1 semester, 3 credits.

BUS 315 PRINCIPLES OF INVESTMENTS

(Formerly BUS 225)

An examination of various facets of investment management. Topics studied include the analysis of equity and debt securities, portfolio construction and management for varying objectives, mutual funds, performance measurement, the functioning of the securities markets, and socially responsible investing.

3 hours a week, 1 semester, 3 credits.

BUS 324 ADVANCED MANAGERIAL FINANCE

(Formerly BUS 224)

This course examines in detail the cost of capital, leverage, dividend policy, management of working capital, long term financing and expansion or failure of corporations.

Prerequisite: BUS 219

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

BUS 362 INTERNSHIP IN BUSINESS

A course designed to give an Organizational Management major the opportunity to experience a formal business environment as an application of the principles studied in the various business disciplines. A member of the Organizational Management faculty will plan the program with the student, supervise its implementation and relate to the representative of the business firm acting as liaison.

Prerequisite: Student must be a junior or senior Organizational Management major with an average of 2.7. Permission of the department chairperson is required. Internship will be offered upon request.

1 semester, 3 credits.

BUS 370 ADVANCED HUMAN RESOURCES MANAGEMENT

(HA 370)

This course is designed to analyze and explore current issues of significance related to the utilization and development of personnel. Students will be directed to undertake case studies on selected topics from the following areas: planning and staffing, performance appraisal and evaluation, training and development, labor relations and personnel law, and quality of worklife. Where appropriate, cases and investigations will be regionally based.

Prerequisites: BUS 230, and either BUS 232 or BUS 235

3 hours a week, 1 semester, 3 credits.

BUS 376 PRODUCTION MANAGEMENT

A study of the nature of manufacturing and production activity, coordination of sales and manufacturing programs. Analysis of the most economical means of processing and the importance of automation.

Prerequisites: BUS 100, BUS 200

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

BUS 471 RESEARCH SEMINAR IN ORGANIZATIONAL MANAGEMENT*

A capstone research course for students pursuing the Organizational Management major, it is designed to permit students to do an investigation into an area of their interest. Students are expected to employ research methodologies in the preparation of a paper appropriate to their major.

For students pursuing degrees in Organizational Management or in General Studies with Management or Human Resources Certificates.

Prerequisites: BUS 100, MAT 151, ENG 103

3 hours a week, 1 semester, 3 credits.

Accounting Course Offerings

The following courses will be offered during either the 2001-2002 or the 2002-2003 academic year – including Summer, Fall, Intersession, and/or Spring semesters/sessions/trimesters on both the Brooklyn and Suffolk Campuses, unless otherwise noted. Not all of these courses will be available at night or on weekends on both campuses. Consult the Arts and Sciences Catalogue and the semestral schedule of courses for more specific information including the Suffolk Campus Weekend College Trimester Program. Courses marked with an asterisk are applicable to the liberal arts requirements of the curriculum.

ACC 110 PRINCIPLES OF ACCOUNTING (HA 110)

A study of accounting principles to enable the student to understand the preparation of financial statements. The course covers a study of the accounting cycle, the recording process, accounting systems and controls. The course will require the preparation of a practice set in addition to the assigned problems.

3 hours a week, 1 semester, 3 credits.

ACC 200 FUNDAMENTALS OF FINANCIAL ACCOUNTING (HA 200)

This course is an introduction to the field of accounting and to the development and use of financial accounting information in the business world. This course emphasizes accounting techniques and procedures, accounting theory, and interpretation and use of accounting information. Topics include financial statements preparation, merchandising accounting, systems and controls, financial assets, plant assets, corporate accounting and financial statement analysis.

3 hours a week, 1 semester, 3 credits.

ACC 211 FINANCIAL ACCOUNTING

A study of accounting principles as they apply to corporations, branch operations, and not-for-profit entities. The course also covers fund statements and cash flow, budgeting, analysis of financial statements, and partnership accounting.

Prerequisite: ACC 110

3 hours a week, 1 semester, 3 credits.

ACC 212 INTERMEDIATE ACCOUNTING I

The underlying concepts and principles of financial accounting; interpretation and application of the pronouncements of accounting bodies such as FASB, AICPA, SEC, and CASB.

Prerequisite: ACC 211

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

ACC 213 INTERMEDIATE ACCOUNTING II

A continuation of Intermediate Accounting I emphasizing a critical study of current accounting theory and analysis of financial statements, long term liabilities, paid-in capital, retained earnings, and reserves.

Prerequisite: ACC 212

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

ACC 215 PRINCIPLES OF FEDERAL TAXATION

A study of the Federal Revenue system, tax statutes, and the preparation of individual tax returns. The Internal Revenue Code and regulations along with court decisions are studied with particular attention is given as to how tax planning for individuals is affected. The case problem method is used, with the objective that the student be trained to cope with the tax problems encountered by an individual.

Prerequisites: ACC 213

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

ACC 216 ADVANCED FEDERAL AND STATE INCOME TAXES

A study of Federal tax statutes and the preparation of partnership, corporation, estate, gift and trust returns. A study of securities transactions, pension and profit sharing plans, stock options and foreign income taxation. The case problem method is used with the objective that the student be trained to cope with the tax problems of business.

Prerequisite: ACC 215

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

ACC 220 FINANCIAL STATEMENT ANALYSIS

This course enables the student to use accounting tools and presentations learned in prior courses in order to assess the past and present financial condition, operating results, and future needs of the business enterprise. Emphasis is placed upon ratio and trend analysis for the detection and interpretation of problem areas of the business. A term project requires the qualitative and quantitative analysis of a published financial statement.

Prerequisite: ACC 110 and ACC 211, or ACC 200 and BUS 219 or ACC 242

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

ACC 241 COST ACCOUNTING

To familiarize the student with production and process cost accounting systems. Includes studies in job cost, process cost, and standard cost systems. Cost behavior and cost-volume-profit analysis is studied along with budgeting and cost finding tools and techniques. The course will require the preparation of a practice set in addition to the assigned problems.

Prerequisites: ACC 200

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

ACC 242 ADVANCED ACCOUNTING I
(Formerly ACC240)

A study of advanced accounting problems in areas such as consolidations, corporate mergers and acquisitions and partnerships operations and liquidations.

Prerequisite: ACC 213

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn

ACC 245 ADVANCED ACCOUNTING II

A study of specialized accounting topics such as international accounting, foreign operations and the accounting and financial reporting requirements for government and not-for-profit organizations. An in-depth analysis of a government Comprehensive Annual Financial Report is undertaken.

Prerequisite: ACC 213

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

ACC 317 PRINCIPLES OF AUDITING

An introduction to generally accepted auditing standards adopted by AICPA and releases by the Securities and Exchange Commission in conjunction with an expression of an opinion by independent public accountants. Attention to the ethics of the profession of public accounting and the study of internal control.

Prerequisite: ACC 240

3 hours a week, 1 semester, 3 credits.

ACC 318 ACCOUNTING THEORY AND CURRENT ACCOUNTING
DEVELOPMENTS

An analysis of current accounting theory and literature. Particular attention is paid to the application of GAAP and AICPA Professional Standards and to financial accounting engagements.

Prerequisite: ACC 213, ACC 241

3 hours a week, 1 semester, 3 credits. Fall and Spring

ACC 320 ACCOUNTING INFORMATION SYSTEMS AND
E.D.P. AUDITING

A study of accounting information systems and their application to accounting and auditing.

Prerequisites: COM 140, ACC 317

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

Computer Course Offerings

The following courses will be offered during either the 2001-2002 or the 2002-2003 academic year – including Summer, Fall, Intersession, and/or Spring semesters/sessions/trimesters on both the Brooklyn and Suffolk Campuses, unless otherwise noted. Consult the Arts and Sciences Catalogue and the semestral schedule of courses for more specific information including the Suffolk Campus Weekend College Trimester Program. Courses marked with an asterisk are applicable to the liberal arts requirements of the curriculum.

See also: Certificate in Information Technology Applications and Minor in Computer Information Systems.

COM 115 EXPLORING THE INTERNET

Discover how the Internet and the World Wide Web can be used to locate, access and retrieve information from international library resources and databases. This course includes historical background, network etiquette and ethics, as well as the skills for effectively and responsibly interacting with the Internet. Topics such as ftp, telnet, usenet, email, search tools (such as gopher,archie, WAIS, etc.) graphical search engines, URLs, and the hypertext markup language (HTML) will be explored in a laboratory environment.

1 hour a week, 1 semester, 1 credit. Offered when there is sufficient student demand.

COM 140 MICROCOMPUTER APPLICATIONS I

This course is designed as an introductory course to provide background necessary for the effective use of microcomputers. The emphasis is on the major applications of microcomputers: word processing, relational databases, spreadsheets, and the use of the Internet. The course includes “hands-on” experience with common applications software as well as an introduction to computer hardware. No previous computer related experience necessary.

3 hours a week, 1 semester, 3 credits.

COM 141 MICROCOMPUTER APPLICATIONS II

This course is intended for students from all disciplines. It will develop intermediate and advanced word processing, spreadsheet and database techniques, including macros, report generation, database queries, importing and exporting files, address-books, labels, graphics, and table manipulation. It will also include expanded Internet and Worldwide Web topics.

Prerequisite: COM 140 or equivalent, or departmental approval.

3 hours a week, 1 semester, 3 credits.

COM 150 INTRODUCTION TO COMPUTER PROGRAMMING*

This course offers a basic introduction to computer hardware and software. Elementary programming techniques will be taught using, for example, Visual BASIC. Emphasis will be on problem solving using the computer.

Prerequisite: COM 140 or equivalent, or departmental approval.

3 hours a week, 1 semester, 3 credits.

COM 152 COMPUTER PROGRAMMING*

An introduction to the concepts underlying computer science and programming such as: abstraction, analysis and modularity. Emphasis is on algorithm development, and the use of structured program design techniques in solving problems. Students will develop programs using the syntax and semantics of a higher-level language (e.g. C++) Searching, sorting, recursive algorithms and the concepts of objects will be introduced. (Corresponds to ACM CS1)

Prerequisite: COM 150 or departmental approval.

3 hours a week, plubs lab, 1 semester, 3 credits.

COM 161 INTRODUCTION TO VISUAL LANGUAGES

This course will extend programming skills and explore the features of a widely used, general purpose, visual programming language for designing graphical user interfaces and objects. Programming projects will include the design and implementation of graphical features such as windows, dialog boxes, buttons, and menus. It will also include event driven program control and the use of objects in internet animation.

Prerequisite: COM 152 or departmental approval.

1 hour a week, plus lab, 1 semester, 1 credit. Not offered in Brooklyn
Offered in Patchogue when there is sufficient student demand.

COM 200 COMPUTER SCIENCE: AN OVERVIEW

For students from all disciplines. Topics include: computer organization, information representation in digital computers; data abstraction and data structures such as trees, lists and stacks; algorithm development and analysis; programming languages; hardware and software systems; information processing and database concepts; computer technology and society.

Prerequisite: COM 140 or equivalent, or departmental approval.

3 hours a week, 1 semester, 3 credits.

COM 205 MULTIMEDIA APPLICATIONS

In this course students will be introduced to multimedia principles and technologies. Topics will include effectively representing, processing and retrieving multimedia data such as text, graphics, sound, music, images and video. Students will use the Internet, design and edit an Internet home page, develop a corporate brochure, and create a multimedia presentation. Various multimedia tools and techniques will be explored.

Prerequisite: COM 141 or equivalent.

3 hours a week, 1 semester, 3 credits. Offered when there is sufficient student demand.

COM 210 ALGORITHMS AND DATA STRUCTURES

This course explores specific classes of problems and their solutions. Fundamental questions concerning computational complexity, data storage and access, space/time bounds, optimal algorithms and data structures including lists, queues, and trees are addressed. Algorithms for important classes of problems such as searching, sorting, and pattern matching will be designed, implemented and tested in a laboratory environment. (Corresponds to ACM CS2).

Prerequisites: COM 152 and MAT 203, each with minimum of C-.
3 hours a week, 1 semester, 3 credits.

COM 230 SOFTWARE ENGINEERING AND METHODOLOGY

This course teaches the techniques for managing and producing large maintainable software systems. Topics include cost estimating, requirement specification, design methodologies, implementation and integration, verification and documentation techniques. Students will utilize current automated software engineering tools to apply the learned concepts and will develop a cost estimate, project management plan, functional specification and detailed design specification of a selected software system.

Prerequisite: COM 210 or departmental approval.

1 hour a week, 1 semester, 1 credit. Not offered in Brooklyn

COM 249 COMPUTER ORGANIZATION AND ASSEMBLY LANGUAGE

This course explores the evolution and physical structure of modern computers, from micro computers to mainframes; their integrated circuits, components and organization. The concept of a multilayer virtual machine will be explored and programmed using machine language, microcode, operating system interrupt and assembler language. Advanced concepts such as RISC machines, pipelining, and parallel computing will be studied. Students will utilize these principles to analyze the design of a current microprocessor.

Prerequisite: at least one high level language (e.g. C++, JAVA, etc.)
3 hours a week, 1 semester, 3 credits.

COM 288 BUSINESS SYSTEMS AND DESIGN (BUS 288)

The design and development of information systems for a business environment. Topics will include analysis of information flow, design of business systems, specifications, equipment selection, and file organization. Detailed steps for each phase of the design will be related to business applications on a full scale computer system.

Prerequisite: Any introductory computer course
3 hours a week, 1 semester, 3 credits.

COM 310 OPERATING SYSTEMS

The emphasis of this course is on the efficient allocation and use of computer resources especially process and memory management, job scheduling, access to hardware and software resources, security and reliability. Examples will be drawn from standard operating systems (e.g. Windows NT, MS-DOS, UNIX). Questions relating to communications (timesharing, networking, concurrency, distributed systems, synchronization, and deadlocks) will be discussed.

Prerequisite: COM 210 or equivalent.

3 hours a week plus lab, 1 semester, 3 credits.

COM 320 PROGRAMMING LANGUAGES

This course presents an overview of the syntax, semantics, and pragmatics of several higher level languages and the distinction between static and dynamic typing. Examples will be drawn from various classes of languages including procedural, declarative, functional, concurrent, visual, and object-oriented. The major applications (eg. artificial intelligence, data processing, scientific/engineering, etc.) will be explored for each type of language. Formal languages and automata, including theories of parsing and language translation will be considered.

Prerequisite: COM 210 or departmental approval.

3 hours a week plus lab, 1 semester, 3 credits. Not offered in Brooklyn

COM 330 COMPUTER GRAPHICS

This course presents an introduction to computer graphics hardware and software. Topics include: vector and raster graphics, viewports and windows, 2-dimensional and three dimensional modeling, viewpoints, rotations and translation transformations, animation and algorithms for line drawings, clipping and hidden line/surface removal. Students will implement these concepts to develop graphics package using a high level programming language.

Prerequisite: departmental approval.

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn

COM 340 HUMAN COMPUTER COMMUNICATION

This course explores the design and implementation of the user interface in the light of current ergonomics research.

Prerequisite: department approval.

1 hour a week, 1 semester, 1 credit. Not offered in Brooklyn. Offered in Patchogue when there is sufficient student demand.

COM 360 COMPUTER COMMUNICATIONS AND NETWORKING

The Open System Interconnection (OSI) model provides the theoretical basis for the study of computer communications. Topics include the physical transmission of data, communication protocols and architecture, network addressing, services and applications such as file transfer (ftp), telnet, and e-mail. Topologies, design and implementation issues involved in LANs, WANs and internetworking will be explored.

Prerequisites: COM 210 with a minimum grade of C-.

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn.

COM 370 OBJECT ORIENTED PROGRAMMING

This course explores the design paradigm and features of object oriented programming (OOP); its historical evolution, theory, and implementation in modern programming languages. The concepts of objects, inheritance and polymorphism and their application to abstract data types will be examined, as will their effect on information binding and execution speed. Static and dynamic objects, destructors and OOP's role in the development of graphic user interfaces (GUI) will be studied. Students will implement the concepts by completing several projects using C++.

Prerequisite: COM 210 with a minimum grade of C-

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn

COM 380 DATABASE SYSTEMS

An introduction to the principal functions of a Database Management System (DBMS), physical data organization, relational query languages, and issues of data security and consistency.

Prerequisite: departmental approval.

3 hours a week, 1 semester, 3 credits.

COM 388 ANALYSIS AND LOGICAL DESIGN OF INFORMATION (BUS 388) SYSTEMS

This course provides an understanding of the system development and modification process, object oriented analysis and design, data modeling tools, software quality metrics, and the life cycle standards. It emphasizes effective communication and presentation skill development as it applies to project management, clients, users and team members. Trends in Information Technology and Information Technology Ethics will also be discussed. (Corresponds to IS'97.7)

Prerequisite: COM 288 or equivalent.

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn. Offered in Patchogue when there is sufficient student demand.

COM 490 CURRENT TOPICS IN COMPUTING

Seminar and directed readings on current topics. (such as Neural Networks, Fractals and Image transmission, Distributed Databases, Computer Vision and Robotics, etc.)

Prerequisite: departmental approval.

3 hours a week, 1 semester, 3 credits. Not offered in Brooklyn. Offered in Patchogue when there is sufficient student demand.

COM 498 INTERNSHIP IN COMPUTER INFORMATION SYSTEMS

ADDITIONAL PROGRAMS

BACHELOR OF SCIENCE IN GENERAL STUDIES

The Bachelor of Science in General Studies offers adults with nontraditional academic backgrounds, as well as those who have had previous college coursework, an opportunity to attain a bachelor's degree through a flexible course of study.

Personalized advisement is the key to this approach. With the assistance and guidance of a trained advisor, students design a program around their strengths, experiences, and aspirations, drawing from the various courses of the College. Many adults pursuing a career change appreciate the flexibility of this degree and continue on to pursue graduate degree programs. Of the 128 credits required for the degree, at least 60 must be in the liberal arts, including ENG 103 Writing for Effective Communication.

CERTIFICATE PROGRAMS

Application Procedures

The certificates offered through the School of Adult and Professional Education have been designed to meet specific needs of adult professionals. An applicant wishing to pursue a degree or certificate program within the School of Adult and Professional Education must be an adult with a high school diploma or its equivalent and be deemed capable of completing the requirements for the degree or certificate. In addition to having met the general admission requirements of the School, students typically have postsecondary education and training and have acquired, through experience, the skills and knowledge appropriate to the degree or certificate. Exceptions to this are made with the approval of the Dean. Additional requirements for majors or certificate programs are indicated in the ***Curricular Offerings*** section of this catalogue. A brief writing exercise may be required of applicants.

Conditional Acceptance

This is a special category of admission for an applicant who has satisfied the requirements to pursue a certificate *but* needs academic skill development. A person in this category will be required to take ENG 102 Basic Writing Skills and GS 401 Problem Solving for Professionals in addition to the courses required for the certificate. The English and Problem Solving courses must be satisfactorily completed before registering for the third certificate course. This English course is offered only at the Brooklyn and Suffolk Campuses. Conditional students must have a 2.0 average before being permitted to take more than 12 hours of coursework at the College. Conditional students must meet with an advisor who will determine the course sequence of the certificate program. (See the ***Admissions and Finances*** section of this catalogue.)

Practicum Policies

For several of the certificate programs, a supervised practicum is required. Students wishing to participate in one of these practicums (as

well as CHA 466 Practicum in the Health Field, which is not part of a certificate program) are required to submit an application and faculty recommendation(s) to insure that such students are at a point of academic and personal readiness. These materials will be reviewed by the Practicum Coordinator and/or the Department Chairperson. Applications for practicums are available from an academic advisor or the Registrar. Applications must be filed prior to the date in the schedule of classes indicated as "the last date to register without late registration fee."

In order to be considered for a certificate practicum, students must, in addition, have completed all of the courses in the certificate program. Exceptions to this will require approval by the Practicum Coordinator and/or the Department Chairperson in consultation with the Dean. Students who, as a result of the application and recommendation process, are denied permission to participate in a practicum will not meet the requirements of the certificate program. The decision to deny participation will be made by the Practicum Coordinator and/or the Department Chairperson in consultation with the faculty member(s) who wrote the recommendation(s). When this is one and the same person, that person will consult with an additional faculty member appropriate to the certificate.

Students denied placement in a practicum may appeal this decision to the Dean. The Dean will endeavor to resolve the matter informally, and may consult with additional faculty members regarding the appropriateness of the decision. If the student is not satisfied with the decision rendered by the Dean, the student may submit a written request for a hearing. The hearing will be held within ten school days of receipt of the request. The decision rendered after the hearing will be final.

The College will make every effort to place qualified students to insure successful learning experiences. The College, however, will not be held responsible for problems which result from students who fail to cooperate in arranging satisfactory practicums or from students who do not perform up to the standards of the participating agency or of the College.

Students who are unable to work out satisfactory placements may have the situation reviewed by the Dean. Students who are asked to withdraw from the practicum may appeal the decision to the Dean. If that decision is not satisfactory, the student may request a hearing as noted above.

Depending upon the certificate and requirements of the agency/facility, students may be required to be covered by malpractice insurance or to sign a waiver, holding harmless both St. Joseph's College and the agency/facility hosting the practicum. Students who do not satisfy this requirement will not be admitted to the practicum. The College reserves the right to require malpractice insurance (as opposed to the waiver) when the nature of the practicum so warrants.

Certificates within B.S. Degrees

Students who are pursuing a certificate as part of their degree program are encouraged to plan ahead to insure that the certificate coursework is taken in advance of completion of the degree requirements. Inasmuch as not all courses are offered every semester, at times convenient to students' schedules, and/or courses may be cancelled due to low enrollment, the

College cannot be held responsible for guaranteeing certificate courses to graduating seniors. It is the responsibility of students to plan their programs carefully and take required coursework when it is offered. Students are reminded that satisfying the requirements for the major and degree is of greater importance than completing a certificate program. In instances where graduating seniors need a course(s) for a certificate, they may return after graduation and complete the coursework at that time.

Grades

Courses for certificates may not be taken on a Pass/No Credit basis. A cumulative index of a 2.0 with a grade of B or better in the practicum is required for certificates. Students who earn less than a grade of B will not typically be permitted to retake a practicum and will, therefore, not satisfy the requirements for the certificate. Exceptions to this will require approval by the Practicum Coordinator and/or the Department Chairperson in consultation with the Dean. Students who earn below a B in CHS 470 Practicum in Alcoholism and Addictions Counseling I may not register for CHS 471 Practicum in Alcoholism and Addictions Counseling II, or CHS 472 Practicum in Alcoholism and Addictions Counseling III.

Official Records/Fees

Certificates will not be issued until all official records have been received by the College. There is a certificate fee of \$10 due for each certificate completed. (See the **Tuition and Fees** section of this catalogue.)

Certificate in Alcoholism and Addictions Counseling

This 28 credit certificate is designed to prepare health, human services, and human resources practitioners to provide counseling and referral services to persons affected by alcoholism, drug abuse and dependency.

Courses taken for the Certificate in Alcoholism and Addictions Counseling may be applied toward the B.S. degrees in Community Health and Human Services, Health Administration, and Organizational Management.

St. Joseph's College has been granted Education/Training Provider status (#ED 0016 AL) by the New York State Office of Alcoholism and Substance Abuse Services (OASAS) for the purposes of the Credentialed Alcoholism and Substance Abuse Counselor (CASAC) examination process. Certificate in Hospice

This 15 credit certificate is designed to provide a focused course of study for health and human services practitioners who intend to pursue a career path or perform volunteer duties in a hospice environment. The courses of this certificate will present students with the skills and knowledge necessary to provide hospice services relevant to their professional concentration in both inpatient and home care hospice settings. There are two components to this certificate program. The first is composed of three required courses and one elective course intended to provide essential knowledge and skills in the areas of death and dying, hospice fundamentals, and crisis intervention. By selecting an appropriate elective, students will be able to direct their learning to best suit their personal and professional goals. The second component of the certificate provides students with the opportunity to apply this knowledge through actual field experience in hospice.

Courses taken for the Certificate in Hospice may be applied toward the B.S. in Community Health and Human Services, Health Administration, or General Studies.

Required Courses for Certificate *12 credits*

CHA 438	Hospice Concepts
CHS 443	Mental Health and Crisis Intervention
CHS 449	Death and Dying
CHA 439	Practicum in the Hospice Field

Elective Courses for Certificate *3 credits*

Total Required for Certificate *15 credits*

(A minimum of 12 credits toward this certificate must be taken at St. Joseph's College; a cumulative index of 2.0 with a grade of B or better in the practicum is required for the certificate.)

Certificate in Human Resources

This 15 credit Certificate in Human Resources has as its purpose the successful management of human resources in support of organizational effectiveness. It is designed to provide specialized study of such personnel management activities as work analysis, staffing, training and development, employee appraisal, compensation, enhancement of work environment, and personnel law and labor relations.

Courses taken for the Human Resources Certificate may be applied toward the B.S. in Organizational Management, Business Administration (available through the School of Arts and Sciences), General Studies, or Health Administration.

Required Courses for Certificate

BUS/HA 370	Advanced Human Resources Management

(A minimum of 12 credits toward this certificate must be taken at St. Joseph's College; a cumulative index of 2.0 is required for the certificate. Students may earn either the Certificate in Human Resources or the Certificate in Management, but not both.)

Certificate in Information Technology Applications

This certificate is designed to educate students in the practical application of computer technology to professional contexts. The curriculum is directed at the practitioner rather than the theorist. Emphasis is on the production of computer-based information gathering, manipulation, and presentation skills. Students will apply current information technology software packages to analyze problems and design solutions.

FACULTY DATA

To meet the specialized professional needs of many its students, the College has created a special category of faculty called preceptors. Most of the preceptors maintain their regular professional affiliations, thereby providing students with the full benefit of their expertise. There are 17 preceptors in Community Health and Human Services, 15 preceptors in the Health Administration, 18 preceptors in General Studies, 15 preceptors in Business Management, and 8 preceptors in Statistics/Computer.

In addition to full-time faculty and preceptors, the following numbers of lecturers (part-time, adjunct faculty) taught in the School of Adult and Professional Education: Community Health and Human Services 14, Health Administration 6, General Studies 24, Business Management 11, Statistics/Computers 7.

STUDENT RETENTION AND GRADUATION

Most of the students in the School of Adult and Professional Education (Brooklyn and Suffolk Campuses) are part-time students. Of the 335 matriculated students entering in the Fall of 1994, 80% returned in September 1995. Of the Fall 1994 group, 43% graduated by June 1998, 6% in June 1999, and 7% in June 2000, bringing the total percentage of students that graduated by June 2000 to 56%. Five percent of the initial cohort are still matriculated for the baccalaureate degree.
